"Is It Easy Being Green?" Justin Nevin,2014-09-18 More and more universities and colleges are looking beyond grade point averages and standardized test scores to choose their incoming freshman What criteria do these institutions of higher education use as their litmus test the college application essay But will your average high school essay do the job When competing against thousands of qualified candidates a college applicant needs more than an introduction three paragraphs and a conclusion in their writer s tool belt they need the skills to stand out from the crowd Is It Easy Being Green Writing the

NEW College Application Essay offers every applicant the skills needed to write a powerful and successful application essay Using real life examples and testimonials Is It Easy Being Green moves away from a strictly academic point of view and uses creative writing techniques memoir personal essay genre in particular to teach students how to write engaging and effective application essays Centering on a narrative and lyrical balance Is It Easy Being Green is written in an approachable and easy to understand style

The Ruse of Techne Dimitris Vardoulakis,2024-09-03 The Ruse of Techne offers a reappraisal of Heidegger s entire work by focusing on the forms of activity he regards as separate from instrumentality Non instrumental activities like authenticity poetry and thinking in short the ineffectual are critical for Heidegger as they offer the only path to the truth of being throughout his work By unearthing the source of the conception of non instrumental action in Heidegger s reading of Aristotle Vardoulakis elaborates how it forms part of Heidegger s response to an old problem namely how to account for difference after positing a single and unified being that is not amenable to change He further demonstrates that an action without ends and effects leads to an ethics and politics rife with difficulties and contradictions that only become starker when compared to other responses to the same problem that we find in the philosophical tradition and which rely on instrumentality Heidegger s conception of an action without ends or effect forgets the role of instrumentality in the tradition that posits a single unified being And yet the ineffectual has had a profound influence in how continental philosophy determines the ethical and the political since World War II The critique of the ineffectual in Heidegger is thus effectively a critique of the conception of praxis in continental philosophy Vardoulakis proposes that it is urgent to undo the forgetting of instrumentality if we are to conceive of a democratic politics and an ethics fit to respond to the challenges of high capitalism
