Practical Software Factories in .NET Gunther Lenz,Christoph Wienands,2006-11-22 The promise of software factories is to streamline and automate software development and thus to produce higher quality software more efficiently The key idea is to promote systematic reuse at all levels and exploit economies of scope which translates into concrete savings in planning development and maintenance efforts However the theory behind software factories can be overwhelming because it spans many disciplines of software development On top of that software factories typically require significant investments into reusable assets This book was written in order to demystify the software factories paradigm by guiding you through a practical case study from the early conception phase of building a software factory to delivering a ready made software product The authors provide you with a hands on example covering each of the four pillars of software factories software product lines architectural frameworks model driven development and guidance in context While the ideas behind software factories are platform independent the Microsoft NET platform together with recent technologies such as DSL Tools and the Smart Client Baseline Architecture Toolkit makes an ideal foundation A study shows the different facets and caveats and demonstrates how each of these technologies becomes part of a comprehensive factory Software factories are a top candidate for revolutionizing software development This book will give you a great starting point to understanding the concepts behind it and ultimately applying this knowledge to your own software projects Contributions by Jack Greenfield Wojtek Kozaczynski Foreword by Douglas C Schmidt Jack Greenfield Jorgen Kazmeier and Eugenio Pace , *Uncharted Waters* Norman Fishler,2022-08-01 The purpose of this book is to give ChristaEURcentered believers an objective look at how a community of believers has the ability to not just survive in the roughaEURandaEURtumble times that a postapocalyptic world will inevitably lapse into but actually thrive ChristaEURcentered leadership is the key Honoring God the Father and His Son Yeshua in all aspects is something that the author strove to hear God s leading on from start to finish Over the last twenty years many books articles and movies have been written and filmed about the postapocalyptic world both fiction and non fiction howaEURto centering on what to do and how to do it Most if not nearly all have focused on a few major topics with perhaps another one or two side issues In this book the author has endeavored to

cover as many facets as possible that will come into play as given to him by God's Spirit Financial collapse firearms self-defense breakdown of law and order cannibalism barter invasion by the UN the setting up of a retreat basic survival skills and medical care by amateurs have all been covered in other works and usually quite well But as they say on TV wait there's more much much more Also woven into this work are torture suicide homosexuality and the subsequent deliverance from it along with the very real probability of Islamic terrorism Then we get to for the most part the forgotten wild cards a command structure for the leadership unparalleled cataclysmic geological upheaval pandemic outbreak the setting up of a city of refuge for God's people and without question the most neglected yet far and away most important deciding factor in all this the last days move of God Mix all these factors together and there we will find ourselves in uncharted waters
