GALAXY GUIDE 4

Alien Races Character Profiles

by Tristram Deaton

Alien! There's nothing intelligent, humorous and wonderful about it. In the Star Wars saga, with other-worldly excitement, whenever they are recognizable beings, insectoids with compound eyes, or gaseous creatures that float in the gentle breeze, alien races make-up a huge portion of the Galactic Empire. They fight alongside the Rebel Alliance. They engage in less-than-legal activities throughout the space lanes. They even cooperate with the Empire — willingly or unwillingly.

Galaxy Guide 4: Alien Races Character Profiles features many assorted aliens, including information on their powers, cultures, the styles and temperaments. This new information — never before detailed anywhere — will describe movie fans and Star Wars game players alike.

50-page book features:

- Over 30 entries describing familiar and new alien races from the Star Wars galaxy.
- Detailed illustrations that bring each alien race to life.
- Full descriptions, backgrounds, and game statistics on every alien race in this volume.
- Characters of alien planets, politics, cultures, and standings in the Galactic Civil War.

Also includes:

- Complete backgrounds and statistics for alien races like Star Wars favorite, the Wookiees, as well as the Hutts and Twi'leks.
- Complete information on alien Star Wars adventures, including the 6 known species and homeworlds.
- Many new alien races described before anywhere else, let us say, Star Wars galaxy.

Star Wars Meets the Eras of Feminism Valerie Estelle Frankel,2020-07-07 Star Wars defined popular big screen science fiction Still what many viewers best recall is assertive hilarious Leia the diminutive princess with a giant blaster who had to save them all As the 1977 film arrived women were marching for equality and demanding equal pay with few onscreen role models Leia echoed their struggle and showed them what they could be Two more films joined in though by the early eighties post feminism was pushing back and shoving the tough heroine into her pornographic gold bikini After a sixteen year gap the prequels catered to a far different audience Queen Amidala s decoy power originates in how dominated she is by her massive royal gowns This obsession with fashion but also costuming as a girly superpower fits well with the heroines of the time The third wavers filled the screens with glamorous mighty girls strong but not too strong like the idealistic teen Ahsoka of Clone Wars However space colonialism abusive romance and sacrifice left these characters a work in progress Finally the sequel era has introduced many more women to fill the galaxy Rey Jyn Rose Maz Qi ra Val L3 37 Captain Phasma Admiral Holdo and of course General Leia Making women the central warriors and leaders while keeping them powerful and nonsexualized emphasizes that they can share in the franchise instead of supporting male Jedi There s also more diversity though it s still imperfect Hera and Sabine on the spinoff cartoon Rebels and the many girls in the new franchise Forces of Destiny round out the era along with toys picture books and other hallmarks of a new more feminist fourth wave for the franchise
