Media and Water Joanne Garde-Hansen, 2021-01-14 As flooding drought and water scarcity become more pronounced due to climate change so the way in which these events are presented in the media assumes greater significance In particular the media plays an important role in shaping the public perception and understanding of water issues and debates around extreme weather events more generally Joanne Garde Hansen s book offers a sustained and comprehensive exploration of media representations of water Drawing on a wide range of media including newspapers digital photography radio television and video as well as empirical research on media and memory she examines how drought flooding and water management have been portrayed in the media both historically and in the contemporary world The use of the media by water institutions to manage public perceptions and the use of digital media by the public to engage with water companies is also included A particular feature of the book is an examination of water and gender in developed nations One of the first books to look at media representations of water this pioneering work provides valuable insights for both scholarly and professional water research *Ecofeminism as Politics* Ariel Salleh, 2017-08-15 *Ecofeminism as Politics* is now a classic being the first work to offer a joined up framework for green socialist feminist and postcolonial thinking showing how these have been held back by conceptual confusions over gender Originally published in 1997 it argues that ecofeminism reaches beyond contemporary social movement ideologies and practices by prefiguring a political synthesis of four revolutions in one ecology is feminism is

socialism is postcolonial struggle Ariel Salleh addresses discourses on class science the body culture and nature and her innovative reading of Marx converges the philosophy of internal relations with the organic materiality of everyday life This new edition features forewords by Indian ecofeminist Vandana Shiva and US philosopher John Clark a new introduction and a recent conversation between Salleh and younger scholar activists Chicano Culture, Ecology, Politics Devon G. Peña, 1998 Until recently mainstream American environmentalism has been a predominantly white middle class movement essentially ignoring the class race and gender dimensions of environmental politics In this provocative collection of original essays the environmental dimensions of the Chicana o experience are explicitly expressed and debated Employing a variety of genres ranging from poetry to autobiography to theoretical and empirical essays the voices in this collection speak to the most significant issues of environmentalism and social justice recognizing throughout the need for a pluralism of Chicana o philosophies The contributors provide an excellent basis for understanding how multiple Chicana o views on the environment play out in the context of dominant social political and economic views Chicano Culture Ecology Politics examines a number of Chicana o ecological perspectives How can the ethics of reciprocity present in Chicana o agropastoral life be protected and applied on a broader scale How can the dominant society whose economic structure is invested in placeless mobility take note of the harm caused to land based cultures take responsibility for it and take heed before it is too late Will the larger society be ecologically housebroken before it destroys its home Grounded in actual political struggles waged by Chicana o communities over issues of environmental destruction cultural genocide and socioeconomic domination this volume provides an important series of snapshots of Chicana o history Chicano Culture Ecology Politics illuminates the bridges that exist and must be understood between race ethnicity class gender politics and ecology CONTENTS Part 1 IndoHispano Land Ethics Los Animalitos Culture Ecology and the Politics of Place in the Upper R o Grande Devon G Pe a Social Action Research Bioregionalism and the Upper R o Grande Rub n O Mart nez Notes on Home Land Ethics Ideas Values and the Land Reyes Garc a Part 2 Environmental History and Ecological Politics Ecological Legitimacy and Cultural Essentialism Hispano Grazing in Northern New Mexico Laura Pulido The Capitalist Tool the Lawless and the Violent A Critique of Recent Southwestern Environmental History Devon G Pe a and Rub n O Mart nez Ecofeminism and Chicano Environmental Struggles Bridges across Gender and Race Gwyn Kirk Philosophy Meets Practice A Critique of Ecofeminism through the Voices of Three Chicana Activists Malia Davis Part 3 Alternatives to Destruction The Pasture Poacher a poem Joseph C Gallegos Acequia Tales Stories from a Chicano Centennial Farm Joseph C Gallegos A Gold Mine an Orchard and an Eleventh Commandment Devon G Pe a Marxist-Feminist Theories and Struggles Today Khayaat Fakier, Diana Mulinari, Nora Räthzel, 2020-02-15 This vital new collection presents new Marxist Feminist analyses of Capitalism as a gendered racialized social formation that shapes and is shaped by specific nature labour relationships Leaving behind former overtly structuralist thinking Marxist Feminist Theories and Struggles Today interweaves strands of ecofeminism and intersectional analyses to

develop an understanding of the relations of production and the production of nature through the interdependencies of gender class race and colonial relations With contributions and analyses from scholars and theorists in both the global North and South this volume offers a truly international lens that reveals the the vitality of contemporary global Marxist Feminist thinking as well as its continued relevance to feminist struggles across the globe Marxist-feminist Theories and Struggles Today Khayaat Fakier,Diana Mulinari,Nora Räthzel, Essential new analysis of capitalism as a gendered racialized social formation that shapes and is shaped by specific nature labour relationships with perspectives from the global North and South *Feminism, Capitalism, and Ecology* Johanna Oksala,2023-06-15 Developing Ecofeminist Theory E. Cudworth,2005-09-08 An original exploration of how the relationship between society and nature is conceptualized focusing on theories of social exclusion and difference A comprehensive overview of feminist and environmental theories of society environment relations considering the range of theoretical and political influences on such theorizing such as socialist and Marxist theory amongst others and the turn to post structuralism and postmodernism within the social sciences Cudworth also develops her own theoretical account for the interrelations between forms of social domination and contributes to important debates with sociology social theory feminist theory and environmentalism **Developing Ecofeminist Theory** E. Cudworth,2005-09-08 An original exploration of how the relationship between society and nature is conceptualized focusing on theories of social exclusion and difference A comprehensive overview of feminist and environmental theories of society environment relations considering the range of theoretical and political influences on such theorizing such as socialist and Marxist theory amongst others and the turn to post structuralism and postmodernism within the social sciences Cudworth also develops her own theoretical account for the interrelations between forms of social domination and contributes to important debates with sociology social theory feminist theory and environmentalism **Ecofeminism** Vandana Shiva,Maria Mies,2014-03-13 This groundbreaking work remains as relevant today as when it was when first published Two of Zed s best known authors argue that ecological destruction and industrial catastrophes constitute a direct threat to everyday life the maintenance of which has been made the particular responsibility of women In both industrialized societies and the developing countries the new wars the world is experiencing violent ethnic chauvinisms and the malfunctioning of the economy also pose urgent questions for ecofeminists Is there a relationship between patriarchal oppression and the destruction of nature in the name of profit and progress How can women counter the violence inherent in these processes Should they look to a link between the women s movement and other social movements Maria Mies and Vandana Shiva offer a thought provoking analysis of these and many other issues from a unique North South perspective They critique prevailing economic theories conventional concepts of women s emancipation the myth of catching up development the philosophical foundations of modern science and technology and the omission of ethics when discussing so many questions including advances in reproductive technology and biotechnology In constructing their own ecofeminist

epistemology and methodology these two internationally respected feminist environmental activists look to the potential of movements advocating consumer liberation and subsistence production sustainability and regeneration and they argue for an acceptance of limits and reciprocity and a rejection of exploitation the endless commoditization of needs and violence

Ecofeminism as Politics Jacinta Kerin, 2005 **Ecofeminism Reader**, 2004 *Contemporary Perspectives on Ecofeminism* Mary Phillips, Nick Rumens, 2015-11-19 Why is ecofeminism still needed to address the environmental emergencies and challenges of our times Ecofeminism has a chequered history in terms of its popularity and its perceived value in conceptualizing the relationship between gender and nature as well as feeding forms of activism that aim to confront the environmental challenges of the moment This book provides a much needed comprehensive overview of the relevance and value of using eco feminist theories It gives a broad coverage of traditional and emerging eco feminist theories and explores across a range of chapters their various contributions and uniquely spans various strands of ecofeminist thinking The origins of influential eco feminist theories are discussed including key themes and some of its leading figures contributors include Erika Cudworth Greta Gaard Trish Glazebrook and Niamh Moore and outlines its influence on how scholars might come to a more generative understanding of the natural environment The book examines eco feminism s potential contribution for advancing current discussions and research on the relationships between the humans and more than humans that share our world This timely volume makes a distinctive scholarly contribution and is a valuable resources for students and academics in the fields of environmentalism political ecology sustainability and nature resource management **Ecofeminism** Jytte Nhanenge, 2011-04-01 Ecofeminism is for those who desire to improve their understanding of the current crises of poverty environmental destruction violence and human rights abuses and their causes It is an ecofeminist analysis of modern society s dualized patriarchal structure showing that one sided reductionist masculine and quantitative yang perceptions inform science economics and technology resulting in subordination of holistic feminine and qualitative yin values This yin yang imbalance manifests as patriarchal domination of women poor people and nature leading to the above crises Since similar values inform Third World Development its activities are also exploitative Thus rather than improving human well being development increases poverty and natural degradation in the South Modern patriarchy manifests in neo liberal policies that promote free global economic markets and trades generating huge profits to the political and economic elites with devastating results for societies and nature worldwide Unless we increase our awareness and demand changes that balance the yang and yin forces patriarchal domination will eradicate life on planet Earth Critical Ecofeminism Greta Gaard, 2017-06-16 Australian feminist philosopher Val Plumwood coined the term critical ecofeminism to situate humans in ecological terms and non humans in ethical terms for the two tasks are interconnected and cannot be addressed properly in isolation from each other Various using the terms critical ecological feminism critical anti dualist ecological feminism and critical ecofeminism Plumwood s work developed amid a range of

perspectives describing feminist intersections with ecopolitical issues i.e. toxic production and toxic wastes indigenous sovereignty global economic justice species justice colonialism and dominant masculinity Well over a decade before the emergence of posthumanist theory and the new materialisms Plumwood's critical ecofeminist framework articulates an implicit posthumanism and respect for the animacy of all earthothers exposing the linkages among diverse forms of oppression and providing a theoretical basis for further activist coalitions and interdisciplinary scholarship Had Plumwood lived another ten years she might have described her work as Anthropocene Ecofeminism Critical Material Ecofeminism Posthumanist Anticolonial Ecofeminism all of these inflections are present in her work Here Critical Ecofeminism advances upon Plumwood's intellectual activist and scholarly work by exploring its implications for a range of contemporary perspectives and issues critical animal studies plant studies sustainability studies environmental justice climate change and climate justice masculinities and sexualities With the insights available through a critical ecofeminism these diverse eco justice perspectives become more robust

Ecofeminism and Allied Issues Dipanwita Pal, Prasun Banerjee, 2024-02-14 Ecofeminism is an emerging field of literary study which seeks to explore the interconnections between feminism and ecology green studies and market economy and globalization and the politics of care It also examines the idea of nature as a mother figure and the world being begotten by the celestial intercourse between Nature the Mother and God the Father This branch of study is taking center stage in the realm of gender studies but it is yet to develop into a full school of thought as new dimensions are constantly being attached to it This volume seeks to take a multi disciplinary approach to address the issues most pertinent to ecofeminism and to do so from various perspectives so that any sort of hegemonic categorization may be avoided

Feminism and Ecology Mary Mellor, 2013-04-23 The relationship between feminism and ecology has grown in importance in recent years This book provides a comprehensive introduction to the ecofeminist movement and its history as well as an extended analysis of the main perspectives within it Mellor examines the connections between feminism and the green movement and outlines the contributions of the major participants while contextualizing them within a wider range of debates She re-examines classic feminist texts from an ecofeminist perspective and explores the relationship between ecofeminism and other ecological movements such as deep ecology social ecology and ecosocialism Mellor discusses the association of women with biology and nature and argues that the relationship between women and the environment can help us to understand the relationship between humanity and the natural world Against the trends towards radical economic liberalism global capitalism and postmodernist pluralism she argues that there is within the feminist and green movements the basis of a new radical movement which draws on the principles of both A useful and engaging account of feminist perspectives on ecology the book will be welcomed by students and researchers in feminism and gender studies sociology and political theory
