Coffee Robert W. Thurston,Jonathan Morris,Shawn Steiman,2013-10-10 Coffee A Comprehensive Guide to the Bean the Beverage and the Industry offers a definitive guide to the many rich dimensions of the bean and the beverage around the world Leading experts from business and academia consider

coffee's history, global spread, cultivation, preparation, marketing, and the environmental and social issues surrounding it today. They discuss, for example, the impact of globalization, the many definitions of organic, direct trade, and fair trade, the health of female farmers, the relationships among shade birds and coffee roasting as an art and a science, and where profits are made in the commodity chain. Drawing on interviews and the lives of people working in the business, from pickers and roasters to coffee bar owners and consumers, this book brings a compelling human side to the story. The authors avoid romanticizing or demonizing any group in the business. They consider basic but widely misunderstood issues such as who adds value to the bean, the constraints of peasant life, and the impact of climate change. Moving beyond simple answers, they represent various participants in the supply chain and a range of opinions about problems and suggested solutions in the industry. Coffee offers a multidimensional examination of a deceptively everyday but extremely complex commodity that remains at the center of many millions of lives. Tracing coffee's journey from field to cup, this handbook to one of the world's favorite beverages is an essential guide for professionals, coffee lovers, and students alike.

Weight Watchers Annual Recipes for Success - 2001 Weight Watchers International, Inc. Staff, 2000. Of Thee I Zing Laura Ingraham, 2011-07-12. While Laura Ingraham was walking through a Northern Virginia shopping mall one Saturday afternoon, it all became clear to her. Everywhere she turned, she saw signs of the impending disaster: zombie teens texting each other across a cafe table, a man having his eyebrows threaded at a kiosk, a fiftyish woman shoe-horned into a tube top and skinny jeans, and a storefront ad featuring a Victoria's Secret model spilling out of her push-up bra and into the faces of young passersby. Ingraham wondered to herself, Is this it? Is this what our forefathers fought for? What my parents struggled for? I wonder if Victoria's Secret is still having that two-for-one sale. A menacing force surrounds us. We see it, we feel it, we know it. The country we love is in grave peril. While politicians and experts prattle on about the debt crisis at home and terrorism abroad, a more insidious homegrown threat is emerging. It endangers our future and undermines our present. The uncomfortable truth is, we have become our own worst enemy. The culture we have created is now turning on us. We're on the verge of drowning in our ignorance, arrogance, gluttony. Can you believe there are only three shots of vanilla in a Caramel Macchiato? Now, in an act of patriotic intervention, the most listened-to woman in talk radio casts her satirical eye upon all that ails American society. In this sharp-witted comic romp, Laura Ingraham takes you on a guided tour through ten levels of our cultural hell. You know we're in trouble when airplane seats shrink just as the passengers expand. Celebrity baby names go from the peculiar Apple Stetson and Daisy Boo to the pathetic Bamboo Blanket and Bronx People.
