Fun with String Joseph Leeming,1974-01-01 Over 150 tricks escapes dissolving loops 3 and 4 strand braiding string figures from around the world 140 illustrations The Charm String Stories Florence Westover Bond,2012-06-14 About The Charm String Stories There are as many reflections concerning the development of what would eventually become the State of Washington as there are people who experienced it This book is one view composed of many interpretations a young boy traveling west by covered wagon a young girl born just prior to departure a husband and wife searching for an uncertain future Native Americans dealing with changes in lifestyle attitudes and stereotypes which they neither solicited nor created the march of technology through a raw ownerless wilderness to a burgeoning small town economy on the brink of a destiny in statehood Some of it was good Some of it was less than fortunate But it was all absolutely written in the sense that there was no appeal or reprieve It was like the tide It was coming in and there was no turning back But there was and there is looking back And that is the purpose of this book Our path ahead as a civilization is far more secure and purposed if we can only take a minute or two to turn around and realize how far weve come in only a few generations But thats not the whole story These people did a lot of work They had a mighty struggle which I am not sure we could match But we are where we are because of their work because of the foundation they laid as imperfect as it was Here it is all strung together in a charm string dimension a story of two boys a wolf a sunrise a sea gull a great friendship and a purposed gaze into a future with a foundation in education and a commitment to an improved reality for all Nick Bond editor Grandson of the author May 2012
