CHANGE! PATIENCE!

John Balch, Board President

Change comes very slowly at government agencies, often trying one's patience to reach the outcome. At the Board of Pharmacy, this summer, we have experienced the results of change and patience. After more than a year of meeting and planning, the Board has relocated its office to a more expansive and functional operation on the first floor of the Patterson Avenue office complex.

The relocation was necessary, in part, to prepare for the registration of pharmacy technicians, scheduled to begin in January of 2007. Change and patience were paramount in the passage of legislation to approve the registration of pharmacy technicians. More than three years were required for the legislature to establish the law. Numerous amendments and changes over the thirty-six months of debate produced the final bill. Change and patience — a worthwhile combination.

It is ironic that change and patience were also in play in the passage of legislation to allow pharmacists to provide immunization vaccines for the flu. A change in philosophy from the Board of Nursing, and the patience required to review proposed regulations with the Board of Physicians, gave Maryland pharmacists a long awaited clinical practice opportunity. The cooperation of these three professional boards has also been beneficial in reviewing Drug Therapy Management protocols and requests for changes to the dispensing formularies for mid-wife and local health clinic nurses.

Change has never been more evident than with the cooperation between the Board of

Pharmacy and the Office of Health Care Quality (OHCQ). Through the efforts of the Long Term Care (LTC) Task Force, new regulations will be proposed to include requirements for a quarterly pharmacist review for assisted living residents and annual medical reviews by physicians or nurse practitioners. In addition, at the request of OHCQ, the LTC Task Force is recommending a number of bulk medications for approval in Skilled Nursing Facilities. These initiatives required more than two years of collaboration. Change and patience...winning again.

The Practice Committee, under Chair Mark Levi, is busy preparing regulations for the registration of pharmacy technicians. Those regulations should be completed by August and presented to the Board for adoption by its monthly September meeting. The Practice Committee continues to answer all inquiries by letter, after committee review and Board approval. In addition to Chairman Levi, the Practice Committee includes Jeanne Furman, Don Yee, David Chason, and Rodney Taylor.

Mayer Handelman chairs the Disciplinary Committee, which is charged with reviewing consumer complaints. The Committee meets at least monthly, and is responsible for all disciplinary cases presented to the Board. Chairman Handelman's Committee members include Rodney Taylor and Donald Taylor. A Board consumer member will also be assigned to the Committee once an appointment is made.
