Steven Tyler Laura Jackson, 2008-10-02 Steven Tyler is one of life's natural born survivors. With an exhaustively vibrant personality, this dynamic lead singer has been one of the most distinctive figures in rock music for more than three decades. Raised in a close loving family, Tyler survived a tough upbringing in the Bronx. His inherent passion for performing and a talent for playing instruments propelled him into rock music as a teenager. He fronted a succession of local bands before meeting the guys with whom he would form Aerosmith in 1970. Laura Jackson reveals the stories behind Tyler's relationships with band members and the many women in his life, his battle with Hepatitis C and his drug-fuelled meltdown during the late 70s and early 80s when he was snorting pure heroin. She also explores his visits to rehab in the 1980s which saved his life. Tyler has lived a roller coaster life of excess, spending over a million dollars on drugs but is miraculously still performing. Steven Tyler: the biography tells his incredible story.

Encyclopedia of American Short Films, 1926-1959 Graham Webb, 2020-07-27 Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound on film in the mid to late 1920s, makers of earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.
