Community Management of Urban Open Spaces in Developing Economies Bharati Mohapatra, 2016-04-12 Dr Bharati Mohapatra examines the social functional physical and emotional aspects of neighborhood Open Space and the attitude of people for community participation in managing the Open Space as well as development of a framework for community participation by integrating the social psychological and spatial attributes **Marginalization in Globalizing Delhi: Issues of Land, Livelihoods and Health** Sanghmitra S. Acharya, Sucharita Sen, Milap Punia, Sunita Reddy, 2016-10-21 This book analyses how developmental projects in a globalizing Delhi have brought about neglect exclusion and alienation of certain sections of population while benefiting others It discusses the physical economic and social displacement of people in the city in recent times which has deprived them of their lands livelihoods and access to health care In Delhi and the National Capital Region beyond the obvious and apparent image of wide roads flyovers the metro rail network high rises and glittering malls globalization has brought about skewed and uneven development A growing middle class and a significant group of an extremely rich section of population steer the ways in which development strategies are planned and implemented Furthermore with government control reducing as is inevitable and consistent with a neoliberal policy framework private players have entered not only the consumer goods sector but also basic goods and services such as agriculture health and education This book explores the effects of such processes with a specific focus on equity on the marginalized sections of population in a globalizing megacity It addresses the themes of land livelihoods and health as overarching drawing upon their interlinkages It traces the changes in the growth of the city in context of these themes and draws inferences from their interconnectedness to examine the current situation of development in Delhi A *TEXTBOOK OF URBAN PLANNING AND GEOGRAPHY* SHARMA, SAMEER, 2020-11-01 Generally textbooks on urban geography and urban planning are based on ideas laid out in the west and are unable to explicitly connect those ideas to the way Indians experience their cities This gap is addressed in this book by reconceptualising Indian urban studies The reconceptualisation is done by dissecting western theories concepts paradigms and principles and practices and placing them alongside how Indians experience their urban landscapes Such a comparative analysis allows readers to break from their past understandings of the structure and dynamics of Indian cities as well as enable researchers to make exploratory hypotheses The book will empower students to craft and implement new approaches unconstrained by orthodox theories and biases Primarily intended for the students of Geography and Urban Planning the book covers the evolution of urban structures and dynamics of settlements in India largely after India's Independence There are seven chapters in the book First three chapters describe and explain the evolution of Indian settlements up to the present The next four chapters focus on regions urban planning urban governance and the social landscape of Indian cities Each chapter ends with a set of short and long answer questions **KEY FEATURES** Large coverage of the syllabi prescribed in Indian academic institutions Strategically

organised text of each chapter for the ease of learning Abundant case studies in each chapter Chapter end short answer long answer and fill in the blank type exercise problems Target Audience B Arch BA B Sc Geography MA M Sc Geography

Housing for All A.K. Jain, This book titled Housing for All Design Construction and Management by A K Jain is a comprehensive assessment of the housing situation in India which not only traces the path taken by governments so far but also outlines a roadmap for the future The book begins with an overview of the housing scenario in India It discusses various housing programmes and draws a distinction between affordable housing and adequate housing The book also draws particular attention to housing issues of special groups such as the elderly disabled homeless migrant and transit workers students and single women There is also a discussion on the issue of social and physical infrastructure The book notes that housing units alone do not constitute housing but infrastructure plays a critical role in the occupancy of housing The question of reducing the cost of housing has been vexatious for long Jain deals with this issue in detail and suggests various low cost technologies and house building systems for making housing more affordable Another issue is that of rental housing Jain suggests that giving a boost to rental housing through a slew of measures can go a long way in making housing more accessible and bring vacant housing into the market **Kshetriya Yojana--2021, Rāshtriya Rājadhānī Kshetra** ,2005
