the prose fiction of Georges Perec recognised since his death in 1982 as one of the most influential and innovative French

writers of his generation In particular it explores in depth the nature of the numerous and often astonishing games and ludic

devices which he used to generate and develop his material and to draw his readers into a playful interaction with his texts

Moreover this study situates Perec s writings as the culmination of a significant tradition in twentieth century French writing

that of ludic fiction whose evolution is traced from Roussel to Ricardou and the Nouveau Roman and Oulipo movements In so

doing it seeks to answer two important questions why did ludic writing reach such particular prominence in the 1960s and

1970s What made its appeal for Georges Perec so special that it came to shape his whole approach to writing and led this

orphan of war and holocaust to invest literary game playing with such a profound personal and cultural importance

Georges Perec and Andy Warhol is the first book to explore striking similarities between the works of these celebrated

figures of the twentieth century Copies abound in Perec s uvre where pastiches paintings and intertexts dialogue with the

history of copying in the past and present in literature and in art Both here and in Warhol's works the source of the copies is difficult to pinpoint shrouded in a fog linked to death This remarkable parallel provides insight into their widely admired works and a postmodern aesthetic where the original is stripped of its value and the copy reigns supreme In this study of the original and the copy Wadhera illuminates the nature of art itself **Georges Perec et l'histoire** Steen Bille

Georges Perec: A Life in Words David Bellos, 2010-11-30 It's hard to see how anyone is ever going to better this User's Manual to the life of Georges Perec Gilbert Adair Sunday Times Winner of the Prix Goncourt for Biography 1994 George Perec 1936-82 was one of the most significant European writers of the twentieth century and undoubtedly the most versatile and innovative writer of his generation David Bellos's comprehensive biography which also provides the first full survey of Perec's irreverent polymathic oeuvre explores the life of an anguished comical and endearingly modest man who worked quietly as an archivist in a medical research library The French son of Jewish immigrants from Poland he remained haunted all of his life by his father's death in the war fighting to defend France and his mother's in Auschwitz Birkenau His acclaimed novel *A Void* 1969 written without using the letter e has been seen as an attempt to escape from the words *premere* and even George Perec His career made an auspicious start with *Things A Story of the Sixties* 1965 which won the Prix Renaudot He then pursued an idiosyncratic and ambitious literary itinerary through the intellectual ferment of Paris in the 1960s and 1970s He belonged to the *Ouvrier de Littérature Potentielle* *OuLiPo* a radically inventive group of writers whose members included Raymond Queneau and Italo Calvino Perec achieved international celebrity with *Life A User's Manual* 1978 which won the Prix Médicis and was voted Novel of the Decade by the Salon du Livre He died in his mid forties after a short illness leaving a truly puzzling detective novel *53 Days incomplete* Professor Bellos's book enables us at once to relish the most wilfully bizarre aspects of Perec's oeuvre and to understand the whys and wherefores of his protean nature Jonathan Romney Literary Review *Cultural Exchange in Early Modern Europe* Robert Muchembled, Francisco Bethencourt, William Monter, 2006 A ground breaking reassessment of the status of information in early modern Europe first published in 2007

The Literary Life of Pictures Michele Cometa, 2024-07-15 This book offers a theory of ekphrasis the literary description of an artwork from the perspective of Visual Culture studies A theory of ekphrasis must take into account not only the rhetorical strategies articulated in the description of artworks but also the complex interplay that holds together the pictures that are described the gazes that rest on them and the dispositives that mediate them It is therefore a matter of linking the study of the verbal rhetoric with the dynamics that are established between the author the reader and the visual artworks real or fictive as well as the performative aspects of description and the mediascapes that from time to time condition the gaze and the visual experience of the authors and the readers This book proposes thus to consider both the intradiegetic aspects of description and the extradiegetic ones that condition its verbal texture Following the rhetorics of ekphrasis throughout the Western tradition from its origins in Philostratus its reappraisal by Johann Joachim Winckelmann to the twentieth century avant garde this book shows how ekphrastic techniques are historically determined by the relationship between pictures gazes and dispositives
