Vacant A Mindspace Investigations Novel:

Vacant Alex Hughes,2014-12-02 Nothing ruins a romantic evening like a brawl with lowlifes especially when one of them later turns up dead and my date Detective Isabella Cherabino is the 1 suspect My history with the Atlanta PD on both sides of the law makes me an unreliable witness so while Cherabino is suspended I m paying my bills by taking an FBI gig I ve been hired to play telepathic bodyguard for Tommy the ten year old son of a superior court judge in Savannah presiding over the murder trial of a mob connected mogul After an attempt on the kid s life the Feds believe he s been targeted by the businessman s associates Turns out Tommy s a nascent telepath so I m trying to help him get a handle on his Ability But it doesn t take a mind reader to see that there s something going on with this kid s parents that s stressing him out more than a death threat

Sharp Alex Hughes,2013-04-02 HISTORY HAS A WAY OF REPEATING ITSELF EVEN FOR TELEPATHS As a Level Eight telepath I am the best police interrogator in the department But I m not a cop I never will be and my only friend on the force Homicide Detective Isabella Cherabino is avoiding me because of a telepathic link I created by accident And I might not even be an interrogator for much longer Our boss says unless I pull out a miracle I ll be gone before Christmas I need this job damn it It s the only thing keeping me sane Parts for illegal Tech the same parts used to bring the world to its knees in the Tech Wars sixty years ago are being hijacked all over the city Plus Cherbino s longtime nemesis a cop killer has resurfaced with a vengeance If I can stay alive long enough I just might be able to prove my worth once and for all

Payoff Alex Hughes,2013-03-05 Being a telepath I should have seen the hell I was getting myself into I used to be one of the most powerful telepaths in the guild That was before my drug addiction and before they kicked me out But I m not a bad guy Now I help the Atlanta PD solve murders And even though there are only a few people I call friends I d do most anything to keep their trust So when a judge asks me to help investigate a missing college kid I m down for it No questions asked No problem But in this dark world things are never easy and a favor is never just a favor Turns out politicians don t like being murder suspects And it s bad to anger someone with more power than you I thought I had nothing to lose I was wrong Includes a preview of Alex Hughes s Sharp

Fluid Alex C. Hughes,2015-11-01 Good Cop Bad CopA prominent journalist has been found dead a journalist investigating police corruption I m supposed to be working in my new

P I firm but the money s not enough so I m back consulting for the police as a telepath Turns out this case is a doozy the journalist was an addict even worse than I was before I cleaned up my act But he saved some kids from a sweatshop years ago and then there s this corruption thing he s been looking into which makes all the cops sweat The police s Powers That Be would really really like for the journalist s death be an accident the physical evidence even points in that direction In Mindspace however it s clearly murder With increasing pressure on myself and Detective Freeman to drop this case I ll have to fight my way through to find the killer And worse If it s one of the cops who did the killing I don t know if they ll get justice or I ll get paid **Rabbit Trick** Alexandra Capell Hughes,2015-05-11 The first short story in the Mindspace Investigations universe featuring telepathic detective Adam Ward PLUS two bonus short stories in other worlds OPEN MIND When the cops call me in the middle of the night I know it s bad One of their own is dead strangled in her car by a professional killer and it s up to me telepath consultant extraordinaire to pull the rabbit out of my hat and solve the case Only this time I m not so sure I can Homicide Detective Isabella Cherabino is breathing down my neck The dead cop s partner is too Here s the bad news Turns out the woman s five year old was in the car when she got murdered Here s the worst news No one can find that kid

A Philosophical Investigation Philip Kerr,1992 **Psych Investigation Episodes: Episode I** Kevin Weinberg,2015-05-03 **Masterminds** Kristine Kathryn Rusch,2015-06-03 The fate of the Alliance hangs in the balance as the masterminds behind the Anniversary Day bombings trigger the final stages of a plan decades in the making A plan that will bring about the total destruction of every dome on the Moon As Moon Security Chief Noelle DeRicci struggles with the overwhelming scope of the investigation Retrieval Artist Miles Flint races to save the life of a man from his daughter Talia s past A man with vital information regarding the identity of the masterminds who planned the Anniversary Day bombings And deep beneath the surface of Armstrong a dome engineer makes a chilling discovery that could crack the investigation wide open If only he can get someone to believe him The thrilling conclusion to the Anniversary Day Saga Rusch wraps up the near future Anniversary Day Saga set in her Retrieval Artist universe with this deeply satisfying eighth entry Rusch juggles the ensemble cast and numerous plots skillfully offering up a cerebral thriller that s part mystery and part action drama with a ticking countdown The human element plays well against the tense atmosphere and frequent scene shifts help provide a sense of momentum and foreboding While it s almost essential to have read the previous installments this is a very strong payoff for the series Publishers Weekly The Retrieval Artist universe is rich and exciting and Rusch s characters are real beings Human and otherwise struggling against overwhelming odds The thrills are nonstop and the tension keeps increasing with each successive book in the Anniversary Day Saga If you re a nail biter you might want to wear gloves for these Analog Starbase Human puts all the pieces in place for the big showdown crisis in Masterminds the final book in the saga I highly recommend the Anniversary Day Saga It s one of the major events in science fiction this year Amazing Stories the way Ms Rusch structured the book was very much along the lines of a chess master arranging the pieces for a devastating endgame

This is one of the best series out there Futures Past and Present on Vigilantes The Anniversary Day Saga just keeps getting more interesting and more complicated Each addition is eagerly anticipated and leaves the reader anxious to discover what will happen next who the bad guys are and what it is they are hoping to achieve RT Book Reviews on The Peyti Crisis This new Retrieval Artist Universe novel is action packed and continues where A Murder of Clones leaves off These must be read in order to fully appreciate the suspense and mystery that is taking place RT Book Reviews on Search Recovery Fans of Rusch s Retrieval Artist universe will enjoy the expansion of the Anniversary Day story with new characters providing more perspectives on its signature events while newcomers will get a good introduction to the series Publishers Weekly on A Murder of Clones The latest Retrieval Artist science fiction thriller is an engaging investigative whodunit starring popular Miles Flint on a comeback mission The suspenseful storyline is fast paced and filled with twists as the hero comes out of retirement to confront his worst nightmare The Midwest Book Review on Blowback Anniversary Day is an edge of the seat thriller that will keep you turning pages late into the night and it s also really good science fiction What s not to like Analog on Anniversary Day
