Uganda National Examination Board Results:

Advancing the Ugandan Economy Ezra Sabiti Suruma, 2014-04-30 Internal conflicts dictatorship and economic disintegration characterized the first twenty five years of Uganda's independence from British colonial rule which culminated in the reign of Idi Amin and a violent civil war The country has since achieved an astounding turnaround of stability and growth Advancing the Ugandan Economy is a first hand look at the remarkable policy changes that took place from 1986 to 2012 and their effect in contrast with the turbulent events after independence Ezra Suruma held several key positions in the Ugandan government during the nation's transition period including minister of finance His insightful recounting of those times demonstrates that African countries can achieve economic stability and sustain rapid growth when they meet at least two interdependent conditions establishing a stable and secure political framework and unleashing entrepreneurialism Suruma also highlights the strategic areas that still require fundamental reform if Uganda is to become a modern state and shares his vision for the future of his country Rarely in African history has so much positive political and economic transformation of a country been achieved in such a short time Suruma's account of the commitment determination vision and dexterity of the Ugandan government holds invaluable lessons in managing the still complex policy challenges facing the African continent

Public Examinations Examined Thomas Kellaghan, Vincent Greaney, 2019-11-19 High stakes public examinations exert a dominant influence in most education systems They affect both teacher and student behavior especially at the middle and upper levels of secondary education The content of past examinations tends to dictate what is taught and how it is taught and more important what is learned and how it is learned By changing aspects of these examinations especially their content and format education systems can have a strong positive impact on teacher behavior and student learning help raise student achievement levels and better prepare students for tertiary level education and for employment Examination agencies many of which have followed the same procedures over decades can learn from the successes and failures of other systems This book addresses current issues related to the development administration scoring and usage of these high stakes public examinations identifying key issues and problems related to examinations in many emerging market economies as well as in advanced economies The book's primary audience consists of public examination officials on national regional and state examination boards but the book should also be of interest to senior education policy makers concerned with certification and learning achievement standards to academics and researchers interested in educational assessment to governmental and education agencies responsible for student selection and to professionals at development organizations This extremely well written and comprehensive book offers a timely review of the diversity of public examination practices worldwide of the tensions between examinations and learning and of the technical expertise involved in the creation of valid reliable and fair assessments It reminds us that as the diploma disease takes hold with an ever greater intensity at every stage of education worldwide and the commercial business of testing flourishes those concerned with educational quality and
