Wooden, Randy Blazak, 2001 Topics covered include exploring boundary between deviance and criminality in the lives of young people who are deeply involved in the youth culture show how youth culture is not a set of categories so much as it is a dynamic and creative response to the confusions of growing up in modern society *Instructor's Edition for Sidlow/Henschen's America at Odds* Sidlow, 2001-07 *Statistics* Joseph F. Healey, 2002 A comprehensive student oriented text that provides students a challenging first look at social statistics by illustrating the application of statistics to contemporary social issues Students learn to read and interpret statistics in a variety of settings Each chapter is complete with numerous practice exercises problems and demonstrations and applications of the latest SPSS and in this edition MicroCase statistical software packages to reinforce chapter concepts operations and formulas The book's primary emphasis is on developing the following skills necessary for students to become statistically literate computational competence appreciation of statistics and the ability to read professional social science literature American Government and Politics Today Steffen W. Schmidt, Mack C. Shelley, Barbara A. Bardes, 2000 This new condensed version of the author's best selling AMERICAN GOVERNMENT AND POLITICS TODAY which is popular across the country for its balanced unbiased and up to date coverage of constitutional governmental political social and economic structures and processes and for the way it encourages students to become involved in the political process covers the fundamentals offering less policy and analysis coverage and fewer features to distract readers from the basics of American Government International Relations James C. Roberts, Alan J. Rosenblatt, 2002 This workbook explores important concepts theories and phenomena in international relations uses real data to ground the exploration of international relations in the real world and provides students with the tools to explore international relations on their own Each chapter is organized around examples drawn from actual data that focus on a set of concepts or theories The workbook contains 12 computer based assignments MicroCase's Student Explorit software and nine data sets Students have access to the same high quality data files available to professional researchers The software is so easy to use that it can be learned in minutes **Marriages and Families** Karen Seccombe, Rebecca L. Warner, 2004 In this fresh more structural alternative to other texts for the marriage and family course Seccombe and Warner provide a comprehensive look at close relationships and the family in just 15 chapters Examining close relationships and families by placing them in social context the authors offer a unique emphasis on the structural and relational aspects of the family with a focus on family resilience The text weaves together a macro view social structural analysis of close relationships with the macro an individualist view The authors demonstrate the interaction of theory and methodology in

family studies in Chapter 2 and blend cutting edge research and practical applications throughout Among the highlights of this first edition are the exceptionally thorough exploration of the topics of singlehood and cohabitation in Chapter 7 and the unique six chapter core 8 13 that focuses on all aspects of parenthood and the challenges and crises that families face today The authors emphasis on family resilience and how families can be strengthened is reflected in the Constructing Strong Families boxes that appear throughout the text These features encourage students to apply groundbreaking research on what makes a family strong to their own families and in the concluding chapter Looking Ahead Helping Families Flourish which examines the factors that successful families regardless of ethnicity culture or social class consistently exhibit
