Gonzalez,Katherine Cornell Gorka,2024-04-02 A deep dive into the strategies and tactics used by the radical left in recent years to undermine the institutions of the United States along with suggestions for how to counter their advances Mike

Gonzalez and Katharine Gorka document the Left's metamorphosis into a bastardized racialized Marxism that is a threat to everything Americans hold dear. In this deeply insightful book, readers will understand the nature of the beast and how to fight it in their communities. Christopher Rufo, Senior Fellow, Manhattan Institute. Many Americans believe that the United States is in decline. They see a country that has become unrecognizable where individuals are reduced to their race, ethnicity, or sexual identity, where children are indoctrinated into radical ideologies, where anti-Semitism has become widespread. This book explains how all of these ills are rooted in Marxism. To be sure, it is not Soviet Marxism but a Marxism that was shaped by European intellectuals, adapted and refined by America's student radicals of the 1960s, and diffused throughout the culture as those student radicals became professors, community organizers, and leaders. The end goal of these NextGen Marxists is expropriation, redistribution, central planning, and collectivism. They are working toward nothing less than the cultural transformation of the United States, and they have partially succeeded. But NextGen Marxism: What It Is and How to Combat It is infused with optimism. It reveals the dark inner workings of the radical left's destructive agenda in the United States in order to teach Americans how to fight back. The authors share their conviction that the best days for the United States are still ahead of us if every day Americans can work together to restore sanity and make America the great beacon of freedom once again. The United States Social Forum, United States Social Forum, Book Committee, 2010

Inside the World of a Football Agent, Gennaro Giulio Tedeschi, 2021-06-14. In the forward, 2021 FIFA Federation Internationale de Football Association will significantly innovate the figure of one of the most important protagonists of the football world: the football agent. Inside the World of a Football Agent provides a series of practical cases experienced first hand by the author that will help the readers to immerse themselves in the reality of a football agent that interacts with presidents, CEOs, sports directors, supporters, footballers, and their families. In an ever-increasing need for professionalization, the author, thanks to his background in representing footballers, presents a clear analysis of the current international regulation and its latest regulatory innovations. The audience for the book is represented by all the current or aspiring professionals involved in the football industry: from football agents who want to keep up to date with the latest legislation to aspiring agents, sports directors, or media who want to understand what is often behind a yes or no in a complicated transfer negotiation. The book will also be of interest to graduate schools of business, sports marketing, and MBA programs in law.
