Predicting Student Success on the Texas Chemistry STAAR Test William L. Johnson, Annabel M. Johnson, Jared Johnson, 2012

Background The context is the new Texas STAAR end of course testing program

Purpose The authors developed a logistic regression model to predict who would pass or fail the new Texas chemistry STAAR end of course exam

Setting Robert E Lee High School 5A with an enrollment of 2700 students Tyler Texas

Date of the study was the 2011 2012 academic year

Study Sample A sample of n 100 students from the author s chemistry classes 32 high school sophomores and 68 high school juniors

Intervention Developed a binary logistic regression prediction model no control group applicable

Research Design Statistical Modeling Control or Comparison Condition Control or comparison group not applicable for the study

Data Collection and Analysis The students n 100 STAAR test scores from the new Texas end of course chemistry pilot test were analyzed in the 2011 2012 school year

Variables included in the logistic regression model were as follows

Students previous years science TAKS test scores raw data science TAKS scores and STAAR end of course scores coded pass 1 or fail 0 as categorical variables and students grade level coded sophomore 0 or junior 1 as categorical variables

Findings A binary logistic regression analysis was performed using the new Texas end of course pilot chemistry STAAR test scores as the dependent variable DV and the previous year s science TAKS scores and grade level as predictor variables A total of n 100 cases were analyzed and the full model was significantly reliable chi square 102.568 df 2 p less than 0.000 This model accounted for between 64.1% and 85.9% of the variance in STAAR status with 92.9% of the students passing the STAAR test successfully predicted and 93.2% of students failing the STAAR test successfully predicted Overall 93.0% of the predictions were correct

The Wald statistic showed that the TAKS raw score reliably predicted passing or failing the STAAR end of course chemistry test

Conclusion The binary logistic regression model was significantly reliable chi square 102.568 df 2 p

less than 0 000 Overall 93% of the predictions were correct The model had a very high predictive outcome Logistic Regression Variables are appended to this document **Acing the STAAR, English I Test Preparation Workbook** The Angry Ltd.,2021-07-26 Are you a student who wants to excel in English Do you know one who does The Acing the STAAR English I Test Preparation Workbook contains every key element you ll find on the State of Texas Assessment of Academic Readiness STAAR test Practice questions they re in there Essay prompts and Essay Practice sheets we ve got them Testing tricks and secrets you ll learn them all Plus the entire workbook follows the Texas 9th Grade learning year covering all major topics and focus areas Bottom Line the Acing the STAAR English I Test Preparation Workbook is exactly what you need to reduce test anxiety increase your knowledge and improve your STAAR English I test score Acing the STAAR English I Test Preparation Workbook Includes STAAR Relevant Practice Questions with Detailed Answers Formatted by Texas board certified English teachers the workbook has questions written and answered just like you ll find on the actual STAAR test STAAR Equivalent Essay Prompts and Essay Writing Sheets The workbook has seven opportunities to practice the STAAR Expository Essay This essay is extremely important to testing success and practicing this skill now will ensure you understand what is expected on the exam Testing Tips and Secrets Every section contains tips and tricks to help you understand the STAAR test including how to answer the Expository Essays work through multiple choice questions reduce test anxiety and more Supports Texas English I teachers The entire workbook was built on the foundation of the latest Texas State Standards providing questions based on Texas Essential Knowledge and Skills TEKS expectations and following the TEKS Resource System English I Year at a Glance This means the workbook can easily be inserted into the teacher s plan of instruction and curriculum to provide a scaffolding option that gives students additional learning and practice opportunities Painless Practice and Mindful Moments The workbook goes beyond simply providing practice questions and answers Within the pages you will find fun ungraded Painless Practice pages to drive key concepts home in an enjoyable engaging way and stimulating Mindful Moment pages to help students relax and take a brain break between learning exercises Your educational success is extremely important so act now and make this small investment in your future We know you ll see a difference in both your understanding of English and your success on the STAAR English I exam We look forward to hearing how well you did after using our Acing the STAAR English I Test Preparation Workbook If you would please click on the author s name below and follow We have more selections coming out often [The Big Book of Colleges](#), 1997 Edward Custard,Princeton Review (Firm),1996-07-30 Lists more than 1 600 colleges and universities and provides information about admissions and academic programs **STAAR EOC Chemistry Assessment Secrets Study Guide** Mometrix Media LLC,2016-10-24 Includes Practice Test Questions STAAR EOC Chemistry Assessment Secrets helps you ace the State of Texas Assessments of Academic Readiness without weeks and months of endless studying Our comprehensive STAAR EOC Chemistry Assessment Secrets study guide is written by our exam experts who painstakingly researched every topic and
