Bester, Justin van der Merwe, 2020-05-13 Contemporary Issues in South African Military Psychology is a well timed extremely thought provoking imperative particular to the African context and deals with a highly contemporary issue within the people management and the management studies fields specifically in the military field and context This is specifically of importance as military psychology is a behavioural science that combines theory and practical application Prof Karel Stanz University of Pretoria

Farmer's Weekly, 1926 The Economics of Defense Industry Thomas-Durell Young, 2023-10-17 This book on the economics of defence industry assesses a series of historical and contemporary case studies that consistently demonstrate the need for governments to recognise and thereafter factor the financial needs of a narrow industrial sector that is capital intensive technologically advanced and that requires a highly skilled labour force Since the end of the cold war Western governments have systematically reduced financial support to their domestic defence

industry and have seemingly ignored planning and funding industrial mobilisation In all cases government policy has been to encourage industries to consolidate capacity to become financially viable in a sector that has seen diminished demand The 2022 Russian invasion of Ukraine has caused Western governments to reassess their previous assumptions Efforts to increase industrial capacity have been met with the iron laws of economics whereby businesses need to show return on investments The chapters in this volume posit that efforts to rationalise industrial capacity and innovation to meet short term financial efficiencies inevitably results in limited expensive and long delays in increased production in times of international crisis This book serves as an essential guide for academics researchers and students interested in defence economics industrial economics international relations and industrial policy The chapters in this book were originally published in various issues of Defense Security Analysis

The Blue Economy in Sub-Saharan Africa DONALD SPARKS,2021-06-16 The blue economy comprising coastal and marine resources offers vast benefits for sub Saharan Africa of the 53 countries and territories in the region 32 are coastal states there are 13 million sq km of maritime zones more than 90% of the region s exports and imports come by sea and the African Union hails the blue economy as the new frontier of African renaissance Despite their importance the region s coastal and marine resources have been neither fully appreciated nor fully utilized They are only now being recognized as being key to Africa s potential prosperity As the region grows it has in general not taken adequate safeguards to protect these valuable resources That is partly because some of the problems pollution for example are regional and know no borders All too often short term gains are made at the expense of the long term overfishing for example This book provides for the first time a study of the constraints and opportunities the blue economy offers for sub Saharan Africa It includes an introduction and overview sectoral analyses including tourism fisheries mineral resources culture shipping and maritime safety country case studies and analyses of regional and international efforts towards better coastal zone and marine management

We Refuse Kellie Carter Jackson, 2024-06-04 An unsparing erudite and incisive Jelani Cobb staff writer The New Yorker reframing of the past and present of Black resistance both nonviolent and violent to white supremacy Named a Best Book of 2024 by Smithsonian Kirkus Chicago Review of Books Emancipator Ms Magazine Black resistance to white supremacy is often reduced to a simple binary between Dr Martin Luther King Jr's nonviolence and Malcolm X's by any means necessary In We Refuse historian Kellie Carter Jackson urges us to move past this false choice offering an unflinching examination of the breadth of Black responses to white oppression particularly those pioneered by Black women The dismissal of Black violence as an illegitimate form of resistance is itself a manifestation of white supremacy a distraction from the insidious unrelenting violence of structural racism Force from work stoppages and property destruction to armed revolt has played a pivotal part in securing freedom and justice for Black people since the days of the American and Haitian Revolutions But violence is only one tool among many Carter Jackson examines other no less vital tactics that have shaped the Black struggle from the restorative power of finding joy in the face of suffering to the quiet strength of simply walking away Clear eyed impassioned and ultimately hopeful We Refuse offers a fundamental corrective to the historical record a love letter to Black resilience and a path toward liberation

Small Navies Michael Mulqueen, Deborah Sanders, Ian Speller, 2016-04-01 Whilst maritime studies tend to reflect the dominance of large navies history shows how relatively small naval forces can have a disproportionately large impact on global events From Confederate commerce raiders in the nineteenth century to Somali pirates today even the most minor of maritime forces can become a key player on a global stage Examining a broad range of examples this volume addresses the roles and activities of small navies in the past and the present at the national regional and international level In particular it focusses on the different ways in which such forces have identified and addressed national and international security challenges and the way in which they interact with other navies and security agencies In addition the collection also investigates the relationship of such navies with non governmental organisations institutions and bodies in pursuit of broader maritime goals be they political financial or environmental Adopting an interdisciplinary approach drawing on the best new research from the fields of international relations security studies strategic studies and maritime history the book examines the diversity of

experience amongst different smaller navies and also establishes areas of similarity Divided into two sections part one begins with a number of chapters that are theoretical in nature whilst part two provides case studies that offer a more regional focus including analysis of the challenges facing contemporary navies and historical case studies designed to reveal the experience of small navies over time By adopting an approach that combines historical considerations with analysis of current events the collection offers a unique perspective on the role that small navies have played in wider nautical affairs and their continued impact upon global maritime strategies

Y'all Have Sinned Eddie Huff,2022-06-01 Recently Black America has been portrayed as the most maligned and persecuted people group in history and the perpetrators have been identified as Europeans and their descendants While the treatment of black people worldwide and in America by Europeans was terrible to say the least it is the lack of forgiveness for those past sins which holds the descendants of African slaves in bondage today Facing the truth about our own sins and forgiveness is the key to true freedom and prosperity for all of mankind and especially those in America black white brown and anyone else
