

Background information given:

Topic: Short-term trading, international accounting, short-term debt financing

Background:

Southampton plc has been negotiating a contract with a potential customer in Mexico. Before the negotiation started, the Mexican company requested that it should be allowed to study the accounts of Southampton. These documents were described as useful in assessing the technical need to develop this as the first export market. The company has received some good information. The previous contract orders were not profitable even though the client strategy was to concentrate on business in the UK.

The sales department has proposed the following statement showing that the contract will make a profit if it is made for the sales department to produce and transport the equipment to be implemented in the first 12 weeks.

Obviously the management accountant will also be asked to comment on the statement prepared by the sales department. As this order is different and may need to be for other reasons, it may be that the sales manager called the management accountant to comment on the statement below.

Statement prepared by sales department

Costs including direct at £100,000 (cost order)	£
Labour (cost order)	20,000
Overhead (cost order)	10,000
Transport (cost order)	5,000
Storage (cost order)	5,000
Administrative charges (cost order)	10,000
Materials (cost order)	20,000
Depreciation on machinery (cost order)	5,000
Total	165,000

After the negotiation the management accountant prepared a profit report. The costs given are summarized below:

Summary from management accountant

- Notes:**
- Note 1:** This figure will be found in the contract.
 - Note 2:** This figure will include £100,000 as costs for goods that have already been received. This is the cost of carrying equipment to Mexico to help with the negotiation.
 - Note 3:** This is 10% of the cost of equipment. It is suggested that the equipment will appear about half the price on the contract. This cost has included a £5,000 bonus for the equipment if the contract is completed on time.
