

## Spanish Civil War

In July 1936, Francisco Franco led the first revolt that sparked the start of the Spanish Civil war. After the election of February 16, 1936 and the election of Republican Manuel Azana, things began to heat up between the Republican and Nationalist side of Spain. This was mainly because of the controversial new reforms Manual wanted to bring to Spain. Some of these reforms were making free speech and divorce legal, limiting the influence the Church had in the government, shutting down religiously run schools and giving women more rights.

The Fascists of Spain were made up of Nationalists, while the Socialists and Communists supported the Republican government. Over the course of three years, the streets of Spain were ravaged by war, and many countries choose to stay neutral and not intervene because of high tensions in Europe over the rising power of Adolf Hitler. The countries that chose to become involved were Fascist Italy and Nazi Germany on the Nationalist side, and the USSR and Mexico aided the Republicans. While many world leaders chose to turn a blind eye, people from around the world were inspired to travel to Spain and volunteer themselves TO fight, hoping to make an impact on the war in support of the Republicans. A multitude of these volunteers were believed to be Canadians, as there were up to 1700 volunteers, but many went unrecorded

After 1937, these Canadians had to be smuggled into Spain because of the the Foreign Enlistment Act, passed by the Canadian government in 1937 to prevent Canadians from joining the Spanish war. In the early stages of the war, Canadians joined an American Battalion of the International Brigades, called the Abraham Lincoln Battalion. This was before the Canadians established the International Brigades Mackenzie-Papineau Battalion. It was named after two Canadian leaders of the Rebellions of 1837, William Lyon Mackenzie and Louis-Joseph Papineau.

An important individual in the war was Canadian physician Norman Bethune. He was along the front lines as a Surgeon and played a huge part in raising funds and support for the Republicans in Spain. September 23, 1938 was the last day in Spain for a majority of the Canadians as Juan Negrin, who was Prime Minister at the time, withdrew all international volunteers in an attempt to persuade Nationalists to withdraw Italian and German troops. This attempt failed and shortly after, Madrid, one of the last Republican cities and the most important due to it

internationalist cultural phenomenon emerging from the Spanish Civil War 1936-1939, the Republican exile and the Shoah. With the Spanish Civil War as a point of departure, this volume proposes a definition of Jewish textualities based on the entanglement of multiple poetic modes. Through the examination of a variety of narrative fiction and non-fiction, memoir, poetry, epistles, journalism, and music in Yiddish, Spanish, French, German, and English, these essays unveil non-canonic authors across the West and explore these works in the context of antisemitism, orientalism, and philo-Semitism among other cultural phenomena. Jewish writings from the war have much to tell about the encounter between old traditions and new experimentations framed by urgency, migration, and messianic hope. They offer perspectives on memorial and post-memorial literatures triggered by transhistorical imagination and many were written against the grain of canonic literature where subtle forms of dissidence manifested through language, structure, sound, and thought, sought to tune with the anti-fascist fight. This book revindicates the polyglossia of Jewish cultures and literatures in the context of genocide and epistemicide and proposes to remember the cultural phenomena produced by the Spanish Civil War, demanding a new understanding of the cosmopolitan imaginaries in Jewish literature. *A New International History of the Spanish Civil War* Michael

Alpert, 1994-06-28, a lucid and scholarly account of an important and immensely complex subject. Dr. Alpert's command of a broad range of archival material, printed documents, and secondary works in six languages is extremely impressive. P. Preston, London School of Economics and Political Science. It is now twenty years since a study was dedicated to the international aspects of the Spanish Civil War, and this new synthesis covering the whole of the era and setting it against major events of the late 1930s is well overdue. Michael Alpert takes full advantage of newly accessible archival sources to disentangle the intricacies of this complex issue. **The Broadview Guide to Writing - Sixth Edition** Don LePan, Doug

Babington, Maureen Okun, 2015-06-11. Increasingly, writing handbooks are seen as over-produced and overpriced. One stands out: *The Broadview Guide to Writing* is published in an elegant but simple format and sells for roughly half the price of its fancier-looking competitors. For the sixth edition, the coverage of MLA, APA, Chicago, and CSE styles of documentation has been substantially expanded, as well as updated. Also expanded is coverage of academic argument, of writing and critical thinking, of writing about literature, of paragraphing, of how to integrate quoted material into one's own work, of balance and parallelism, and of issues of gender, race, religion, etc. in writing. The chapter 'Seeing and Meaning: Reading and Writing About Visual Images' is entirely new. The online materials, including the selection of interactive exercises, have also been revised considerably. **The Bloomsbury Handbook of the Spanish Civil War** Antonio Cazorla-Sanchez, Alison Ribeiro de

Menezes, Adrian Shubert, 2023-11-30. In 25 innovative thematic essays, *The Bloomsbury Handbook of the Spanish Civil War* sees an interdisciplinary team of scholars examine a conflict that more than 80 years after its conclusion continues to generate both scholarly and public controversy. Split into four main sections covering Military and Diplomatic Issues, Society and Culture, Politics, and Debates, the volume offers a number of unique features. It is unprecedented in its comprehensiveness.

and includes chapters on topics that are rarely if ever explored in the literature of the field humanitarianism children and families material conditions the decimation of elites archives and sources archaeological approaches digital approaches public history and cultural studies approaches Instead of discussing each of the two warring sides Republicans and Francoists separately as is so often the case the book's thematic structure means that these opposing forces are examined together facilitating comparison and fresh understanding in numerous areas of study Contributors from the UK the USA Canada Spain and Denmark also analyse the major controversies and disputes surrounding each topic as part of a detailed exploration of one of the seminal events of the 20th century Anglo-American Hispanists and the Spanish Civil War S.

Faber, 2008-08-04 In this book Faber assesses the long term impact of the Spanish Civil War on Hispanic Studies as an academic field in the United States and Great Britain Combining institutional history with biography the book gives a compelling account of the dilemmas that the war posed for four Hispanists who turned their love of Spain into their life's work **The Works of Graham Greene, Volume 3** Mike Hill, Jon Wise, 2022-03-24 Over a 60 year career Graham Greene was a prolific and widely read writer Completing a series of volumes which constitutes the only full bibliographical guide to Greene's published and unpublished writings this book features updated listings of the scholarship associated with his work details of recent audio and visual presentations and adaptations as well as nine essays on lesser known aspects of Greene's work Featuring new material from the recently expanded Graham Greene archive which will be of particular interest and relevance to Greene scholars it also covers contents of other archives in the UK and elsewhere in a series of mini essays
