

Abstract

This paper is going to cover the policies of attraction and chastisement in the American-Spanish war. The America-Spanish war began when there was a tariff imposed in 1894 restricting the importation of sugar to United States from Cuba. This could affect the economy of Cuba. The people of Cuba were angry at Spain, who was their colonial power. The Spanish community was causing the Cubans to live poorly because the economy was declining. American businesspersons became concerned with this situation, because they had investments in Cuba. This led to American invasion of Cuba and overthrew the Spaniards. They used various tactics to win the support of the people; both policies of attraction and chastisement. After taking over, the Americans, set their bases in Philippines and colonized it. The Americans used the policies of attraction and chastisement to woo the support of the locals.
