This Stanford roommate essay example can be used as a preparation material for students who want to write their papers on the similar topic. Dear future Stanford roommate, My name is Rosetta, but I adore when my friends call me Rose. It reminds me of my favorite movie Titanic and its main female character Rose Dawson. I want to warn you that I adore watching this masterpiece at least once a month. To tell you the truth about other types of films, I am not a very avid fan. I hate horror films, and I am that person who hasn't seen even one episode of Game of Thrones. If you are its voracious devotee, you may try persuading me to watch it. Maybe, I just need somebody to give me a great spur. As to my hobbies, I adore ballroom dancing, and I virtually dance everywhere, especially at home. So, don't be scared if you suddenly find me performing weird movements while I am frying eggs in the kitchen. It is my way of unwinding and relaxing. Some other unusual things which you should know before we share one room together is that I never kill any live insects. I just can't stand if somebody kills them in front of me. So, if you would have a desire to get rid of flies or gnats, just do it if I don't see this. I'll be delighted if you appreciate my strange attitude towards those small creatures. You can think that I am a vegetarian due to the previous odd love to insects, but I am not. I adore eating chicken food and every meal connected with it. As I started talking about food habits, I hate when anyone takes my food from the same plate. That's why, after I buy chips or fruits, I always use two plates. One of them is wholly mine, and another is for guests. It doesn't mean that I am greedy, I just like treating others this way. As all Stanford undergraduates, I would spend lots of time studying. I always prepare tests and notes using our study guides in advance. My best way study is in the evening. I am not that kind of a morning bird who prefers to learn the material before classes. I would rather keep late hours and go to sleep at 3 am than go to bed at 9 pm and continue learning the material in the early morning. If you do not endorse such regime, I promise you won't hear any sound from me while I'm doing my night studying. My favorite means of remembering information is creating mind maps; before the exams, this method helps me revise all the material. Although I am not good at painting, I can draw mind maps pretty lovely. During the preparation I scatter many multiple pencils, pens, colorful paper, stickers to create a creative mess. I promise you that everything will be taken away. In the morning I devote half an hour to yoga exercises. It helps me to get focused on study for classes. If you want, you can try...
