*Pop Culture Yoga* Kristen C. Blinne,2020-01-23 Pop Culture Yoga A Communication Remix was born out of a series of questions about the paradoxical nature of yoga How do individuals and groups define yoga What does it mean to practice yoga and what does this practice involve What are some of the most important principles guidelines or philosophical tenets of yoga that shape people s definitions and practices Who has the power and authority to define yoga What are the limits if any of shared definitions of yoga Kristen C Blinne explores the myriad ways yoga is communicatively constructed and defined in and through popular culture in the United States In doing so Blinne offers insight into the many identity work processes in play in the construction of yoga categories illuminating how individuals and groups words and actions represent practices of claiming part of a complex communicative process centered around membership categorization based on a range of authenticity discourses Employing popular culture writing styles Blinne ultimately contends that the majority of yoga styles practiced in the United States are remixes that can be classified as pop culture yoga a distinct way of understanding this complex phenomenon

**Human Resources Management and Ethics** Ronald R. Sims,Sheri K. Bias,2021-01-01 Human

Resources Management and Ethics Responsibilities Actions Issues and Experiences explores and provides an in depth look at the responsibilities actions issues and experiences related to HRM and ethics for individual employees organizations and the broader society Like other departments in the broader organization HRM professionals will need to increasingly demonstrate how they contribute to an organization s ethical orientation and overall performance or success While the ethical challenges trends and issues impacting employees organizations and HRM professionals will continue to change over the years consider the recent ethical challenges related cybersecurity and data breaches the bottom line of organization success is the clear reality that doing the right thing or institutionalizing an ethical culture or character is just as important to various stakeholders The chapters in this book provide an updated current and future look at the relationship between HRM and ethics and across various sectors or organizations i e public private not for profit academic etc That is this book discusses the ever evolving role of HRM professionals to include discussion of how the profession continues to take on more responsibility for developing and institutionalizing an ethical culture in their organizations industries and the broader society The book also contributes to the need for ongoing dialogue discussion or insights offered by HRM experts on what HRM professionals and their organizations can do in the face of ethical expectations challenges and scandals In the end the book is intended to increase our understanding of the ethical responsibilities actions issues and experiences that arise both within HRM and in HRM s interactions with individuals and organizations

Passionate Work Renyi Hong, 2022-04-04 In *Passionate Work* Renyi Hong theorizes the notion of being passionate about your work as an affective project that encourages people to endure economically trying situations like unemployment job change repetitive and menial labor and freelancing Not simply a subject of aspiration passion has been deployed as a means to build resilience and mend disappointments with our experiences of work Tracking the rise of passion in nineteenth century management to trends like gamification coworking and unemployment insurance Hong demonstrates how passion can emerge in instances that would not typically be

understood as passionate Gamification numbs crippling boredom by keeping call center workers in an unthinking suspensive state pursuing even the most banal tasks in hope of career advancement Coworking spaces marketed toward freelancers combat loneliness and disconnection at the precise moment when middle class sureties are profoundly threatened Ultimately Hong argues the ideal of passionate work sustains a condition of cruel optimism in which passion is offered as the solution for the injustices of contemporary capitalism      Social Justice, Multicultural Counseling, and Practice Heesoon

Jun,2024-03-12 This third edition book offers a paradigm shift in thinking from binary to complex and enables visibility for the intersectionality of multiple identities that range from privileged to oppressed For example real people s heterogeneous racial identities within the same racial group are visible A paradigm shift in learning from conceptual to transformative connects conceptual learning cognition to their experience affect transformation does not simply emerge due to the individual s awareness but is experienced Benetka Joerchel 2016 p 22 Uncensored first person subjective written responses to specific questions to access unconscious and implicit bias will connect the writer s experience to conceptual learning of diversity equity and inclusion Writing in third person objective interrupts the transformative aspect by bypassing the accessibility of inner experience Writing in first person connects the writer to their experience which allows the unconscious to be accessed if it is practiced on a regular basis This book is for everyone who wants to implement diversity equity and inclusion measures by learning to access their unconscious bias Understanding social justice and equity and good intentions alone do not lead to accessing unconscious bias      Management Stephen P. Robbins,Rolf Bergman,Ian Stagg,Mary

Coulter,2014-09-01 The 7th edition of Management is once again a resource at the leading edge of thinking and research By blending theory with stimulating pertinent case studies and innovative practices Robbins encourages students to get excited about the possibilities of a career in management Developing the managerial skills essential for success in business by understanding and applying management theories is made easy with fresh new case studies and a completely revised suite of teaching and learning resources available with this text      **Leading Professional Development** Mary H. Moen,Sarah A.

Buchanan,2020-11-04 This book shows how LIS schools and professional organizations can help information professionals to continue their education after finishing formal programs to keep up with the growing demands of the field As technology rapidly advances the need for continuing education increases at an accelerating rate Within 10 12 years of completing formal education most information professionals knowledge and skills become out of date leaving them only half as able to meet the new demands of the profession Additionally the increase in online education programs for LIS students can limit their connection with practicing professionals and in some locations their engagement with diverse populations LIS schools and professional development organizations however can support professional development in new and exciting ways Readers will learn how faculty in LIS schools are innovating their courses and providing continuing education experiences Taking advantage of the benefits of online digital and experiential learning projects they are creating meaningful collaborative

learning opportunities between students and practitioners in the field The book also addresses how social media tools can help online students experience interactive community learning and network within the profession before they start their positions

**Health Promotion in Schools, Universities, Workplaces, and Communities** Graça S. Carvalho, Emily Darlington, Teresa Vilaça, 2024-12-17 Health education well being improvement and advocacy are effective health promotion strategies among cutting edge Public Health practices Salutogenic perspectives rooted in ecological models have taken their rightful place to empower individuals and communities to change their life ecosystems and preserve and improve their health It is imperative to shift from targeting protective or risk factors which have linear causal relationships with health conditions and or comorbidities and encompass a systemic understanding of the role of health determinants in creating health Individual collective and structural ecological approaches can better reduce health inequities Moreover engaging the presumed beneficiaries from such strategies ensures that actual needs are identified and choices are context specific It improves the whole implementation process as well as its results Higher levels of participation such as co creation imply a bottom up voluntary collaborative process rooted in values of diversity mutual trust openness autonomy freedom and respect as well as shared expertise responsibility and decision making which are essential values in co creating health promotion
