*A Thousand Years of Sweet* Joan Ann Tietz,2001 The lexical semantic history of sweet and derivatives from its early stages as evidenced in Old English texts until the present day is the subject of this

linguistic study The lexemes are examined in the four semantic fields in which they occur taste smell sound and finally metaphorical extension where they refer to feelings or senses regarded as pleasant This pilot study of common usage of one simple adjective and its derivatives shows correlations between intralingual and extralingual language development The extent of the emotive baggage carried by even a simple lexical unit is revealed as well as the underlying importance of secondary semantic traits It is an important addition to the field of linguistic variation and development in a social and cultural context or cultural etymology
