**A Reference Guide for English Studies** Michael J. Marcuse, 2023-11-15 *John Webster, a Reference Guide* Samuel Schuman, 1985 Harvard Style Guide, 2010 *A Reference Guide to English, American and Canadian Literature* Inglis Freeman Bell, Jennifer Forbes, 1971 To anyone who has crossed the Canadian prairies the title of this book *Vertical Man Horizontal World* will strike a responsive chord man stands alone in seemingly limitless landscape as empty as nightmare The stark isolation of man against the prairie's landscape is so obvious the author says that except for passing comments in two studies of Canadian prairie fiction no one has made a sustained analysis of the use of the prairie in Canadian fiction or argued at any length for what most immediately unifies the literature of the prairie region Author Ricou argues that man is intimidated by the vastness which surrounds him and he will almost certainly wish to meet the challenge of this land to say Look look in whatever way he can by raising a crop or a monument by interpreting his experience in paint or words Ricou traces this recurrent theme in prairie fiction from writers such as Frederick Philip Grove and Wallace Stegner Edward McCourt and W O Mitchell to Margaret Laurence and Robert Kroetsch In tracing the relationship of man and land from the earliest writers of prairie fiction to the most recent Ricou shows how the calm and benign relationship of man and land as exemplified for instance in the fiction of Robert Stead and W O Mitchell has changed in recent novels to a more dramatic confrontation The novelists find in the landscape an ideal mirror for the dilemma and often the strength of existential man Critic Henry Keisel once wrote To conquer a piece of the continent to put one's imprint upon virgin land to say Here I am for that I came is as much a way of proving one's existence as is Descartes cogito ergo sum *Vertical Man Horizontal World* is an affirmation of Keisel's statement Slowly and cumulatively Ricou traces the image of man leaving his mark on the empty sometimes nightmarish land of the Canadian prairie How do we fit our time and our place is a question posed by all the writers Ricou examines The answer he says at this point in the evolution of Canadian prairie fiction delivered with conviction is abruptly and uneasily but brazenly and delightedly This book is a sustained and penetrating look at the interrelationship of man and landscape in Canadian prairie fiction

**Decadent Romanticism: 1780-1914** Kostas Boyiopoulos, Mark Sandy, 2016-04-08 For Decadent authors Romanticism was a source of powerful imaginative revisionism perversion transition and partial negation But for all these strong Decadent reactions against the period the cultural phenomenon of Decadence shared with Romanticism a mutual distrust of the philosophy of utilitarianism and the aesthetics of neo Classicism Reflecting on the interstices between Romantic and Decadent literature Decadent Romanticism reassesses the diverse and creative reactions of Decadent authors to Romanticism between 1780 and 1914 while also remaining alert to the prescience of the Romantic imagination to envisage its own distorted darker perverted other self Creative pairings include William Blake and his Decadent critics the recurring figure of the sphinx in the work of Thomas De Quincey and Decadent writers and Percy Shelley with both Mathilde Blind and Swinburne Not surprisingly John Keats s works are a particular focus in essays that explore Keats s literary and visual legacies and his resonance for writers who considered him an icon of art s sake Crucial to this critical reassessment are the shared obsessions of Romanticism and Decadence with subjectivity isolation addiction fragmentation representation romance and voyeurism as well as a poetics of desire and anxieties over the purpose of aestheticism
