

Of the Sword

One of the documents that you should have in your possession is the "Manual of Knights Templar Tactics and Asylum Ceremonies", often referred to as the "White Book". One section of that book is the "Manual of the Sword." The following article is an excerpt of that section to give you some of the basic sword work that you will need to get started.

90. The sword consists of the hilt and the blade. The hilt is divided into the gripe and the guard. The gripe is the handle grasped by the hand. The guard is the cross piece between the gripe and the blade. The blade is divided into the edge, back, sides and point. The edge and back are determined by the hilt. The right and left sides of the blade and gripe are the right and left sides in the position of carry swords.

The scabbard is the receptacle of the sword; the opening of same, its mouth. The hand is in tierce, when it holds the gripe, with back of hand up, and in quarte, when it holds the gripe with back of hand down. Unless the formation is in open ranks, the Knights under instruction should take intervals.

91. Being in line at a halt with swords in scabbards:

Command: Sir Knights, Draw, SWORDS.

1. At the command *Draw*, grasp the scabbard with the left hand, near its mouth, incline the hilt a little forward, seize the gripe with the right hand, and draw the blade until the right forearm is horizontal, back of hand against the breast.
2. *SWORDS*, draw the sword quickly, raising the arm to its full length, at an angle of about 45 degrees, the sword in a straight line with the arm, edge down, extending in the same direction as the right foot. (TWO) Bring the back of the blade against the shoulder, the blade vertical, back of the gripe to the rear, the arm nearly straight down, the thumb and forefinger embracing the gripe the thumb against the thigh, the other fingers extended and joined in the rear of the gripe. This is the position of *Carry Swords*. From this position all movements of the sword manual begin, unless otherwise provided.

In all marching movements, except route march, at the command halt, unless otherwise provided, the sword, if drawn, will be brought to the carry without command.
