

The structure of a report

Unless you have been given specific instructions, it's a good idea to follow the generally accepted standard structure. Alternatively, you may be given a 'house-style' to follow. This is often the case in employment, where organisations have evolved formats which suit their purpose. Either way, the information needs to be organised logically.

The standard structure has these sections, in this order:

- title page
- summary
- contents page
- introduction
- main body of text (with sections/chapters to suit your material)
- conclusion
- recommendations
- bibliography, if appropriate
- appendix/appendices

Page layouts

- A report looks more professional if word-processed
- pay attention to headings/sub-headings, margins and spacing of sections
- avoid decorative fonts – even on the title page

Standard report structure

If you have not been given other instructions, this is suitable for student reports. The main sections are listed below, in the right order:

Title page

Show report title, author's name, date, the person/organisation for whom the report has been written. If the title is not set, create one which is brief, straightforward and factual.

If there is a limited readership – (a business report may be confidential) – it should say so on the title page.

Summary

Put the summary at the beginning of the report, to be easily accessible.

Write it as a precis, or abstract, of the whole report (including the conclusion and recommendations) – so it cannot be written until last.

A Guide to Clinical Assessment and Professional Report Writing in Speech-Language Pathology Renee Fabus, 2024-06-01 Learning to assess speech and language disorders and write diagnostic reports may be an overwhelming experience especially when most texts don't cover both topics at once. With that in mind, *A Guide to Clinical Assessment and Professional Report Writing in Speech Language Pathology* Second Edition combines the latest assessment protocols and diagnostic techniques with vital diagnostic report writing tools into a single definitive guide. Cyndi Stein Rubin, Renee Fabus, and their contributors recognize that clinical assessment is inextricably linked to report writing and have updated this Second Edition to synthesize the two. Following the introductory chapters which discuss the basics of assessment and report writing, each subsequent chapter focuses on a particular disorder, provides in-depth assessment tools, and presents a corresponding sample report. **Key Features:** An inventory and explanation of formal and informal assessment measures; A glossary of key vocabulary; Sample case histories with assessment tools; Relevant and useful interview questions; Each disorder's background and characteristics; Assessment parameters; A differential diagnosis section; A model report. The accessible format of *A Guide to Clinical Assessment and Professional Report Writing in Speech Language Pathology* Second Edition will help students learn how to assess and document speech and language disorders and will also make for a perfect reference for them as clinicians for years to come.

Professional Report Writing Simon Mort, 1995 Simon Mort provides practical guidance on such topics as deciding the format, structuring a report, stylistic pitfalls, and how to avoid them, making the most of illustrations ensuring a consistent layout. The theme throughout is fitness for purpose, and the text is enriched by a wide variety of examples drawn from business, industry, and government. Simon Mort's book is an indispensable reference work for managers, civil servants, local government officers, consultants, and professionals of every kind.

Diagnostic Report Writing In Speech-Language Pathology Steven Blaustein, 2024-06-01 Designed to improve the report writing skills of speech language pathology students, communication sciences and disorders students, Clinical Fellows, and professionals alike, *Diagnostic Report Writing in Speech Language Pathology: A Guide to Effective Communication* is a one-of-a-kind text entirely dedicated to the production of an effective diagnostic speech and language evaluation. In today's academic and health care climate, accurate and clear documentation has never been more important. *Diagnostic Report Writing in Speech Language Pathology* seeks to demystify and simplify the challenges many students and clinicians face while learning to write speech and language evaluations by combining the science and art of assessment with an effective presentation. Dr. Steven H. Blaustein uses his more than 50 years of experience as a clinician, consultant, and professor to logically guide the reader through the necessary steps involved in the documentation of a speech and language evaluation. From discussing the initial reason for the referral and case history to the final summary, impressions, and recommendations, each step of the writing process is clearly explained. Topics included in *Diagnostic Report Writing in Speech Language Pathology*: Speech sound
