Star Of Bethlehem:

The Star of Bethlehem Mark Kidger, 2017-03-14 Two thousand years ago according to the Bible a star rose low in the east and stopped high above Bethlehem Was it a miracle a sign from God to herald the birth of Christ Was there a star at all or was it simply added to the Bible to fulfill the Old Testament prophecy concerning the birth of the Messiah Or was the Star of Bethlehem an actual astronomical event For hundreds of years astronomers as prominent as Johannes Kepler have sought an answer to this last baffling question In *The Star of Bethlehem* Mark Kidger brings all the tools of modern science years of historical research and an infectious spirit of inquiry to bear on the mystery He sifts through an astonishing variety of ideas evidence and information including Babylonian sky charts medieval paintings data from space probes and even calculations about the speed of a camel to present a graceful original and scientifically compelling account of what it may have been that illuminated the night skies two millennia ago Kidger begins with the stories of early Christians comparing Matthew's tale of the Star and the three Magi who followed it to Bethlehem with lesser known accounts excluded from the Bible Crucially Kidger follows the latest biblical scholarship in placing Christ's birth between 7 and 5 B C which leads him to reject various phenomena that other scientists have proposed as the Star In clear colorful prose he then leads us through the arguments for and against the remaining astronomical candidates Could the Star have been Venus What about a meteor or a rare type of meteor shower Could it have been Halley's Comet as featured in Giotto's famous painting of the Nativity Or as Kidger suspects was the Star a combination of events a nova recorded in ancient Chinese and Korean manuscripts preceded by a series of other events including an unusual triple conjunction of planets Originally published in 1999 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Great Christ Comet Colin R. Nicholl, 2015 I am simply in awe of this book An absolutely astonishing triumph Eric Metaxas New York Times best selling author Bonhoeffer The Star of Bethlehem is one of the greatest mysteries in astronomy and in the Bible What was

it How did it prompt the Magi to set out on a long journey to Judea How did it lead them to Jesus In this groundbreaking book Colin R Nicholl makes the compelling case that the Star of Bethlehem could only have been a great comet Taking a fresh look at the biblical text and drawing on the latest astronomical research this beautifully illustrated volume will introduce readers to the Bethlehem Star in all of its glory *The Star of Bethlehem* David W. Hughes,1979 In an engrossing scientific detective story Hughes reviews biblical historical and astrological writings to explain the nature and timing of the Star of Bethlehem and proposes a theory that satisfies both scientific and historical criteria *The Star of Bethlehem* Joseph A. The Star of Bethlehem MR Dwight Reed Hutchison,2017-10-10 A Jewish and Babylonian Perspective About the Star of Bethlehem The biblical account of the wise men and the star that announced the coming of the Messiah of Israel has inspired and puzzled people for two millennia Important aspects of Babylonian astronomy seem to be involved in understanding the star s appearing But in addition this short bookl also explores the men and events from a profoundly Jewish perspective The traditional Jewish names of stars and planets Jewish symbols as well as Jewish dates all seem to be keys to unlocking the mystery of the famous star Who were the biblical Magi Various wise men were important in the history of the vast region to the east of Judaea Zoroastrian Babylonian Greek and even Jewish wise men all played a role there in several successive empires A possible Jewish connection with the story of the biblical wise men has been long neglected Tens of thousands of Jews lived in Mesopotamia and Iran when Jesus was born As they came to understand the star the Magi apparently made a connection between aspects of Babylonian astronomy and the Jewish messianic hope Book website www.starofbethlehem.info **What was the Star of Bethlehem?.** Stansbury Hagar,1918 *The Star of Bethlehem* Ruth S. am the investigator on this study and the author of this essay The Star of Bethlehem as we have come to call it was the most monumental event since creation It was so monumental in fact that it actually changed the way we count time If you are the curious kind like me then you too will be compelled to learn more about exactly when this event happened and exactly what it looked like We do that here Here we will be going well beyond what is common knowledge to discover some stuff that has been hidden in the cracks between Science and History and Religion for very long time Please enjoy *Morning Star of Christ Jesus* Amedeo P. Benedetto, 1978 *The Star of Bethlehem. [In Verse. With Illustrations.]*. Bethlehem, 1894 **The Star** Ken Elchert, 2013-11-06 In the world of Christianity the Star of Bethlehem is a miraculous sign of the fulfillment of a prophecy the birth of the Lord Jesus Christ Its significance for many centuries not only amazed the believers but it also piqued scientific curiosity that many are still trying to find out if it is a momentous astronomical event or just borne out of a fictitious story The Star led the Magi to Jerusalem first and then to Bethlehem where Jesus was born journeying a thousand miles to see whom they believed was the new king of Judea Those who study this event are also baffled at the exact date when Jesus was born And that date is important if they want to prove that the Star was a natural phenomenon seen by the Magi in the heavens After viewing the 2007 Stephen McEveety produced video The Star of Bethlehem Ken Elchert a retired aerospace engineer became intrigued that he started his own investigation about one the world's most revealed event Using his knowledge in astronomy history and the Bible he gathered a myriad of evidence including details of all the important astronomical events of 3 BC and 2 BC as well as a new candidate for the date of the Nativity to support his assumption that the Christmas Star may be a natural object a planet may be Jupiter The Star an Investigative Journey in Search of the Star of Bethlehem may be the answer to the question that still hangs in the air or a further catalyst towards the truth **What Was the Star of Bethlehem? (Classic Reprint)** Stansbury Hagar, 2018-02-24 Excerpt from What Was the Star of Bethlehem Early paintings in European cathedrals depict the Lord in the act of hanging out the sun moon and stars upon the sky with his own hands and this was the literal belief of the time In this naive stage of thought the miracles connected with the Star Of Bethlehem were naturally accepted without question But when the rise of modern science put an end to the age of signs and wonders in the heavens and established the omnipresent and omni temporal reign of natural law supernatural explanations ceased to be acceptable to the progressive intelligence of the race Numerous attempts were then made to place the Star of Bethlehem upon a purely rational basis The supernatural was discarded in favor of some natural but unusual phenomenon occurring only at the time of the Nativity or recurring only after a long or irregular interval The star became a comet meteor meteor shower northern lights a planet in some conspicuous position conjunction of planets a dream of the magi Any one of these phenomena and numerous other conspicuous celestial apparitions might have occurred at or near the required time but it is not certain that they did occur then and if they did no satisfactory evidence connects them with the Star of Bethlehem Again if they did occur there should have been no difficulty in describing them definitely The truth is that the seed

whence grew the Star of Bethlehem was planted away back in prehistoric times in the soil of the first primitive attempts to determine a date by means of the celestial clock upon the face of which the stars served as hands To understand the nature of the fruit therefore we must study its growth from the beginning paying attention first to primitive time measures then to their development into the elaborate systems in vogue in the country in and around Palestine near the beginning of the Christian era We should then compare certain features of these systems with certain elements of the Star of Bethlehem story in order to determine whether or not the latter may be traced back to a common origin and significance About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
