Third series** Horatius Bonar, 1869 Self- Help: The Understanding of Life Vladimir Zivkovic, Self Help The Understanding of Life is another insightful reading from Vladimir Zivkovic the author of books Modern Relationships and The Book about Divine Self How to improve your low self esteem Where all these modern life problems stem from How to overcome them and stay on the right path in this crazy world Further on it reflects on the issues of the modern man with Self God morality and authorities The author offers real life examples to help readers answer these currently burning questions and regain their lost spirituality and confidence The author mainly talks about our attitude to everyday life and shortcomings of the modern life philosophies which have separated man from its true nature and purpose The main goal of being happy has turned into great confusion of various teachings and into pure hedonism and an egotistic striving for some kind of success and fame or just to simply pleasure and indulge oneself and one's appetites for worldly pleasures In this book is presented a positive spiritual discipline that is free from ego and that will aid a reader to keep one's mind open for the important questions in life Eventually it turns out that we look for happiness in the wrong

places all the time the main goal of being happy is not focused on ego but on making others happy most of the times Our transient time and memory are another reason to make us question our ways in the world and what we really want to focus on in our lives Keep in mind that everything that is worthy will not come easily The change starts with you and it takes lots of work We should just stop rushing towards materialism and continue moving on at a steady pace towards our true nature and purpose
