## **Sword And Scalpel A Doctor Looks Back At Vietnam:**

Sword and Scalpel Larry Rogers, 2014 A fascinating memoir detailing the life and experiences of Dr Larry Rogers MD who volunteered to serve as a medical doctor in Vietnam during the most intense phase of fighting the days and months leading up to the infamous Tet Offensive Slogging through streams and jungle he and his colleagues weathered not only fire fights and rockets attacks but scorpions and deadly snakes But he also experienced stunning medical triumphs including returning life to a soldier left for dead in a makeshift morgue and resuscitating another by hastily jerry rigging a defibrillator from an auxiliary generator and strips of radio antenna wire A riveting portrait of survival and healing during a time of war

*Subject Guide to Books in Print*, 1975      **Jungle Ghosts** Ed Mann, 2025-05-30 Experience the life and death struggle of close combat in thick jungle by a soldier who blended with the shadows and led the way into some of the most dangerous places in Vietnam we d feel 10 feet tall and bulletproof on the LZ and we d walk among the LZ s regulars knowing we were elite It didn t matter if they saw us that way it was enough that we knew we were bad ass motherfuckers in the baddest place in the universe I understood how inane that macho thinking was but as I soared high above the jungle with the cool air in my face I was as caught up in it as the rest of them One of the most dangerous occupations during the Vietnam War was walking point a role Ed Mann took on and specialized in He served a tour of duty in Vietnam as an infantry soldier in the famed 1st Air Cavalry Division from June of 1969 to June of 1970 Mann was wounded several times receiving several decorations including the Silver Star while experiencing the extreme hardships of the war with his fellow soldiers He would continue to walk point for his entire tour becoming more like the jungle as the days turned into weeks and months Mann acknowledges the way it was changing him during his time in Vietnam I was repulsed by the senselessness and savagery of the war and I was saddened by the price it exacted but I was seduced by it too proud to be performing an important role in a deadly fight for survival and lured by the adrenaline rushes An intensely immersive gritty and tension filled account of his experience that will transport you to the war in the jungle in a way that sets it apart from other Vietnam memoirs      **National Guardian**

Cedric Belfrage, 1967      **With Net and Coble** George Chamier, 2021-12-30 A Scottish fisherman with over fifty years of experience offers a sweeping retrospective on this unique and ancient method for catching salmon An ancient and environmentally friendly method of catching salmon by spotting them in the water and taking them with net and coble unique to the Cromarty Firth was recently banned by the Scottish government The men who knew this way of fishing are no longer young and there is every risk of their centuries old techniques dying with them So it is fortunate that a practitioner of the craft for over fifty years has drawn on his knowledge and experience to paint a rich picture of this fishing the firthland itself and the history of salmon netting He describes great fishing days the life of the fishing bothy and the characters who inhabited it He takes the reader through the fish s life cycle and discusses declining catches and the threats to the wild salmon s future His and his fellow netsmen s respect for this legendary fish and their love of the firth and its wildlife shine

through With maps many photographs and a helpful glossary the story is enhanced by recipes anecdote character sketches and five poems on fishing the work of a variety of hands While anglers and conservationists will be drawn to this unique account there is much to interest the general reader who will discover a vanished world grand Highland characters and the delights of fishing in a beautiful setting AB Bookman's Weekly ,1994 **Kliatt Young Adult Paperback Book Guide** ,1995 The Guardian Index ,1997 The Illustrated London News ,1953 *Đại Uy Bac Si* ,2005 **The Scalpel, the Sword** Ted Allan,Sydney Gordon,2009-05-11 Originally published in the early 1950s The Scalpel the Sword celebrates the turbulent career of Dr Norman Bethune 1890 1939 a brilliant surgeon campaigner against private medicine communist and graphic artist Bethune belonged to that international contingent of individuals who recognized the threat of fascism in the world and went out courageously to try to defeat it Born in Gravenhurst Ontario Bethune introduced innovative techniques in treating battlefield injuries and pioneered the use of blood transfusions to save lives which made him a legend first in Spain during the civil war and later in China when he served with the armies of Mao Zedong in their fight against the invading Japanese He is today remembered amongst the pantheon of Chinese revolutionary heroes In Canada Bethune s strong left wing views made him persona non grata but this highly readable and engaging account has helped to sustain the memory of a great man Bitter Medicine, a Doctor's Year in Vietnam Eugene Eisman,2013-09-20 Bitter Medicine recalls a disturbing time of great contention and bitterness But it is a personal story It is the story of leaving my family my perspective of the Vietnamese culture the politics and combat seen as a young physician I earned my street cred as an army doc during the Vietnam War As with the other physicians called into service I was the unlikely soldier My book is poignant and often humorous We needed the humor to survive I would never have volunteered for such a traumatic experience yet I can t say I wish I d never gone to Vietnam I believe this experience had a major positive effect on molding me into who I am today In the words of a Special Forces soldier he described this sentiments accurately I wouldn t go back to Vietnam for a million dollars On the other hand I wouldn t have given up the experience for a million dollars *From Mayo Clinic to Vietnam* James V.
