Miller,Michael Gregg,2011-06-03 A step by step guide to the tasks involved in security administration If you aspire to a career in security administration one of your greatest challenges will be gaining hands on experience This book takes you through the most common security admin tasks step by step showing you the way around many of the

roadblocks you can expect on the job. It offers a variety of scenarios in each phase of the security administrator's job, giving you the confidence of first-hand experience. In addition, this is an ideal complement to the brand new bestselling CompTIA Security Study Guide 5th Edition or the CompTIA Security Deluxe Study Guide 2nd Edition, the latest offerings from Sybex for CompTIA's Security SY0-301 exam. Targets security administrators who confront a wide assortment of challenging tasks and those seeking a career in security administration who are hampered by a lack of actual experience. Walks you through a variety of common tasks, demonstrating step by step how to perform them and how to circumvent roadblocks you may encounter. Features tasks that are arranged according to four phases of the security administrator's role: designing a secure network, creating and implementing standard security policies, identifying insecure systems in an existing environment, and training both onsite and remote users. Ideal hands-on for those preparing for CompTIA's Security exam SY0-301. This comprehensive workbook provides the next best thing to intensive on-the-job training for security professionals.

MCITP Self-paced Training Kit (Exam 70-647) David Miller, John Policelli, 2011. Annotation: Using this training kit, you will learn how to do the following: plan network and application services; design core identity and access management components; design support identity and access management components; and design for business continuity and data availability.
