But *Discworld* fans may feel that not many questions cover the real questions in *Life* for example. Who or what could be seen as the inspiration for the near tragic accident from which Nanny Ogg is saved only by a special willow reinforced hat made for her by Mr. Vernissage of Slice? And give a plausible origin for Mrs. Rosie Palm, proprietor of the famous House of Negotiable Affection in the Shades. Each Faculty at the Unseen University has provided a set of questions and answers are included for those who are not sure how the poisonous effects of quicksilver fumes are an occupational hazard of magic users. The questions have been compiled by Mr. David Langford who knows quite as much and arguably more about the *Discworld* as its Creator and Terry Pratchett has provided an Introduction.

The Intertextuality of Terry Pratchett's Discworld as a Major Challenge for the Translator Aleksander Rzyman, 2017-01-06 For the translator, intertexts are among chief problems posed by the source text. Often unmarked typographically, direct or altered, not necessarily well known and sometimes intersemiotic quotations and references to other writings and culture texts call for erudition and careful handling so that readers of the translation stand a chance of spotting them too. For the reader, the rich intertextuality of Terry Pratchett's *Discworld* series is among its trademark features. Consequently, it should not be missed in translations whose success thus depends significantly on the quality of translation of the intertexts which, as is highlighted here, cover a vast and varied range of types of original texts. The book focuses on how to deal with Pratchett's intertexts: how to track them down, analyse their role, predict obstacles to their effective translation and suggest translation solutions, complete with a discussion of the translation of selected intertextual fragments in the Polish version *wiat Dysku*, a concise overview of intertextual theories and an assessment of the translator's work.
