Smart Money Andrew Palmer,2015-04-14 Seven years after the financial crisis of 2008 financiers remain villains in the public mind Most Americans believe that their irresponsible actions and complex financial products wrecked the economy and destroyed people s savings and that bankers never adequately paid for their crimes But as Economist journalist Andrew Palmer argues in *Smart Money* this much maligned industry is not only capable of doing great good for society but offers the most powerful means we have for solving some of our most intractable social problems From Babylon to the present the history of finance has always been one of powerful innovation Now a new generation of financial entrepreneurs is working to revive this tradition of useful innovation and Palmer shows why we need their ideas today more than ever Traveling to the centers of finance across the world Palmer introduces us to peer to peer lenders who are financing entrepreneurs the big banks won t bet on creating opportunities where none existed He explores the world of social impact bonds which fund programs for the impoverished and homeless simultaneously easing the burden on national governments and producing better results And he explores the idea of human capital contracts whereby investors fund the educations of cash strapped young people in return for a percentage of their future earnings In this far ranging tour of the extraordinarily creative financial ideas of today and of the future *Smart Money* offers an inspiring look at the new era of financial innovation that promises to benefit us all
