Smoke Breaks English Edition:

Classic science fiction. Stories and tales. Version in English Fedir Tytarchuk, 2025-10-15 The collection contains individual stories from several of the author's series such as Roblings or His Highness's Creative Bureau as well as standalone works that are not connected to each other. The works are rich in humor, irony, and sometimes even sarcasm and therefore at first reading may seem more entertaining than thought provoking. But believe me, as with any multilayered work behind the veil of lightness and irony, you can always discern what truly interests and concerns the author. Scattered Memory Beads : English version Ed Monosov, 2021-05-21 This book is a collection of autobiographical stories that will forever remain in my memory. These are stories about people dear to my heart who shaped my and other children's characters in difficult post-war times. **The English Version of the Polyglot Bible**, 1899 **The English Version of the Polyglot Bible Containing the Old and New Testaments : with a Copious and Original Selection of References to Parallel and Illustrative Passages**, 1870* *A Dictionary of the English Language ... L. Thomas, 2019-01-01 American author Kurt Vonnegut has famously declared that writing is unteachable, yet formal education persists in that task. *Teaching Writing as Journey, Not Destination* is the culmination of P. L. Thomas's experiences as both a writer and a teacher of writing, reaching into the fourth decade of struggling with both. This volume collects essays that examine the enduring and contemporary questions facing writing teachers, including grammar instruction, authentic practices in high-stakes environments, student choice, citation and plagiarism, the five-paragraph essay, grading, and the intersections of being a writer and teaching writing. Thomas offers concrete classroom experiences drawn from teaching high school ELA, first-year composition, and a wide range of undergraduate and graduate courses. Ultimately, however, the essays are a reflection of Thomas's journey and a concession to both writing and teaching writing as journeys without ultimate destinations.
