Smolensk Companion Guide:

The regional travel guide for Smolensk Oblast (Russia), 2025-09-24 *Hippocrene companion guide to the Soviet Union* Lydle Brinkle, 1990-02-01 Describes points of interest in nine major Russian cities provides information on the geography climate and history of the Soviet Union and recommends hotels tours and excursions **The Companion Guide to St Petersburg** Kyril FitzLyon, Kyril Zinovieff, Jenny Hughes, 2003 As a guide to the hidden city reconstructed imagined and remembered as well as to St Petersburg today this book is highly recommended It will take you to parts of the city and corners of buildings that other guides do not reach and reveal stories that others do not tell *A Companion Guide to the Royal Castle in Warsaw* Jerzy Lileyko, 1980 **A Researcher's Guide to Sources on Soviet Social History in the 1930s** Sheila Fitzpatrick, Lynne Viola, 2016-07-22 The Stalin era has been less accessible to researchers than either the preceding decade or the postwar era The basic problem is that during the Stalin years censorship restricted the collection and dissemination of information and introduced bias and distortion into the statistics that were published while in the post Stalin years access to archives and libraries remained tightly controlled Thus it is not surprising that one of the main manifestations of glasnost has been the effort to open up records of the 1930s In this volume Western and Soviet specialists detail the untapped potential of sources on this period of Soviet social history and also the hidden traps that abound The full range of sources is covered from memoirs to official documents from city directories to computerized data bases *The Young Woman's Companion; Or, Female Instructor* J. A. Stewart, 1815 **Moscow 1941** Rodric Braithwaite, 2009-11-04 In 1941 close to one million Russian soldiers died defending Moscow from German invasion more casualties than that of the United States and Britain during all of World War II Many of these soldiers were in fact not soldiers at all but instead ordinary people who took up arms to defend their city Students dropped their books for guns released prisoners exchanged their freedom for battle and women fought alongside men on the bloody mud covered frozen road to Moscow By the time the United States entered the war the Germans were already retreating and a decisive victory had been won for the Allies With extensive research into the lives of soldiers politicians writers artists workers and children Rodric Braithwaite creates a richly detailed narrative that captures this crucial moment Moscow 1941 is a dramatic unforgettable portrait of an often overlooked battle that changed the world Historian's Companion Michael E. Chapman, 2008 **The Routledge Companion to Business History** John Wilson, Steven Toms, Abe de Jong, Emily Buchnea, 2016-12-01 The Routledge Companion to Business History is a definitive work of reference and authoritative international source on business history Compiled by leading scholars in the field it offers both researchers and students an introduction and overview of current scholarship in this expanding discipline Drawing on a wealth of international contributions this volume expands the field and explores how business history interacts theoretically and methodologically with other fields It charts the origins and development of business history and its global reach from Latin America and Africa to North America and Europe With this
