Three Pillars of a Great Spiritual Leader Charles Anthony, 2020-06-04 Too often we take for granted our ability to become great spiritual leaders We attempt to separate Spiritual leadership from secular leadership But I want to affirm to you that we first existed as a spirit and God then chose to wrap this thing called flesh around us because he had a mission to complete through us for kingdom purposes If we attempt to separate the Spirit from the man the only thing we are doing is turning our back on God and relying on self and Satan for affirmations Jeremiah 1 5 says before I formed you in the womb I knew you and before you were born I sanctified you I have appointed you a prophet unto the nations This is our confirmation that God has pre destined us to become great spiritual leaders at the core whether we are in a sanctuary our homes or a secular organization In this book I have brought to you stories that opens the lives of the greatest Men and Women Leaders of the first century I pray that my exhortation of these great spiritual leaders will encourage your life and set a foundation for your Spiritual growth

Spiritual Leadership Thomas G. Bandy, 2016-09-20 The idea that certain kinds of people gravitate toward certain kinds of leaders has been around for a long time There are exceptions and degrees of commitment of course People as individuals are complicated and changeable On the other hand people as groups are remarkably consistent and predictable There are patterns The typical follower of this leader has these characteristics The typical follower of that leader has those characteristics Conversely this group of people tends to look for believe in and listen to this kind of leader and that group of people tends to look for believe in and listen to that kind of leader There are trends Certain kinds of people are more responsive to certain kinds of leaders Certain kinds of leaders seem to be more empathic toward and understanding of certain kinds of people They seem to know some contexts certain needs and distinct attitudes better than others If you follow the career of a leader you can anticipate who they will gather around them and where they will be most effective Bandy shows how this is true for church leaders too and introduces ideas of different types of leaders attracting different groups of followers Knowing your type will help you know who will be attracted to your leadership style
