war film sci fi and horror Di Risio analyses seven key films from the decade including Blue Steel 1990 Thelma Louise 1991 The Quick and the Dead 1995 Bound 1996 Jackie Brown 1997 G I Jane 1997 and Alien Resurrection 1997 paying particular attention to their use of irony allusion and pastiche She highlights how their female protagonists a majority of whom are decidedly queer or gender questioning personas produce an intense crossover in genre conventions largely driven by their gender rebellion She examines how a deconstruction of gender simultaneously allows genre hybridity and intertextuality taking these films into unexpected new directions In doing so she delineates a clear line between the unconventional nature of the representation of the female protagonists and innovative changes to genre filmmaking practices
