Smith and Hogan's Criminal Law David Ormerod, John Cyril Smith, Brian Hogan, 2011-07-28 Criminal Law is written with the needs of the student foremost in mind to provide more than ever as modern and as comprehensive an exposition of the criminal law as he or she could possibly require **The Law of Duress and Necessity** Nathan Tamblyn, 2017-09-07 The language of duress and necessity is found in crime tort and contract This book explores those pleas in both case law and theory across the subject boundaries and across jurisdictions In doing so it seeks to identify the lessons which each area of law can learn from the others and to tease out common themes while demarcating important differences The overall outcome is a law more coherent and understood in sharper detail This book considers the law of England and Wales Australia New Zealand Hong Kong and Canada as well as the American tortious defence of necessity **Text, Cases and Materials on Public Law and Human Rights** Helen Fenwick, Gavin Phillipson, 2013-03-04 Building on the strengths of the Sourcebook on Public Law this book has been comprehensively revised to take account of the radical programme of constitutional reform introduced by the Labour Government since 1997 **The Framework of Criminal Law** Leonard Jason-Lloyd, 1997 Criminal law is one of the most popular and topical of all the legal subjects yet its study poses numerous problems for students and is far from straightforward This book covers issues such as homicide theft and deception **Evolution and the Common Law** Allan C. Hutchinson, 2005-04-04 This book offers a radical challenge to accounts of the common law's development Contrary to received jurisprudential wisdom it maintains there is no grand theory which will explain satisfactorily the dynamic interactions of change and stability in the common law's history Offering original readings of Charles Darwin's and Hans Georg Gadamer's works the book shows that law is a rhetorical activity that can only be properly appreciated in its

historical and political context tradition and transformation are locked in a mutually reinforcing but thoroughly contingent embrace In contrast to the dewy eyed offerings of much contemporary work it demonstrates that like life law is an organic process i e events are the products of functional and localized causes rather than a miraculous one i e events are the result of some grand plan or intervention In short common law is a perpetual work in progress evanescent dynamic messy productive tantalising and bottom up

The UN Genocide Convention Paola Gaeta,2009 The Convention for the Prevention and Punishment of the Crime of Genocide adopted by the United Nations General Assembly on 9 December 1948 is one of the most important instruments of contemporary international law It was drafted in the aftermath of the Nuremberg trial to give flesh and blood to the well known dictum of the International Military Tribunal according to which Crimes against international law are committed by men not by abstract entities and only by punishing individuals who commit such crimes can the provisions of international law be enforced At Nuremberg senior state officials who had committed heinous crimes on behalf or with the protection of their state were brought to trial for the first time in history and were held personally accountable regardless of whether they acted in their official capacity The drafters of the Convention on Genocide crystallized the results of the Nuremberg trial and thus ensured its legacy The Convention established a mechanism to hold those who committed or participated in the commission of genocide the crime of crimes criminally responsible Almost fifty years before the adoption of the Rome Statute the Convention laid the foundations for the establishment of the International Criminal Court It also obliged its Contracting Parties to criminalise and punish genocide This book is a much needed Commentary on the Genocide Convention It analyses and interprets the Convention thematically thoroughly covering every article drawing on the Convention s travaux pr

paratoires and subsequent developments in international law The most complex and important provisions of the Convention including the definitions of genocide and genocidal acts have more than one contribution dedicated to them allowing the Commentary to explore all aspects of these concepts The Commentary also goes beyond the explicit provisions of the Convention to discuss topics such as the retroactive application of the Convention its status in customary international law and its future
