Curriculum Maps in English Language Arts Great Minds, 2011-10-13 The first books to present specific guidance for teaching the Common Core State Standards. Forty-three states plus D.C. and the U.S. Virgin Islands have signed on to adopt the Common Core State Standards (CCSS). The need for curriculum guides to assist teachers in helping students meet these standards has become imperative. Created by teachers for teachers, the research-based curriculum maps in this book present a comprehensive, coherent sequence of thematic units for teaching the skills outlined in the CCSS for English language arts in Grades 6-8. Each grade is broken down into six units that include focus standards, suggested works, sample activities, and assessments, lesson plans, etc. Teachers can use the maps to plan their year and craft their own more detailed lesson plans. The maps address every standard in the CCSS yet are flexible and adaptable to accommodate diverse teaching styles. Any teacher, school, or district that chooses to follow the Common Core maps can be confident that they are adhering to the standards. Back cover Research in Education, 1974 *Text-Dependent Questions, Grades 6-12* Douglas Fisher, Nancy Frey, Heather Anderson, Marisol Thyre, 2014-09-02 Fisher Frey's answer to close and critical reading: Learn the best ways to use text-dependent questions as scaffolds during close reading and the big understandings they yield. But that's just for starters. Fisher and Frey also include illustrative video texts and questions, cross-curricular examples, and an online facilitator's guide making the two volumes of TDQ a potent professional development tool across all of K-12. The genius of TDQ is the way Fisher and Frey break down the process into four cognitive pathways: What does the text say? How does the text work? What does the text mean? What does the text inspire you to do? **Affective Jacob's Ladder Reading Comprehension**
