

TOWMOTOR

SERVICE MANUAL

MODEL LT35

The Service Manual is divided into major sections which are listed on the right side of this page. Quick reference to these sections can be made by placing the right thumb on the arrow of the desired section, bending the book back, and thumbing the pages to the corresponding tab.

FOREWORD

The service and repair information contained in this manual covers the lift trucks being currently produced and sold by the Towmotor Corporation. In many instances you will find recommendations for use of new improved parts when replacement is necessary. These are included so that you may derive all the benefits that are incorporated in the newer lift trucks.

Older models have not been completely illustrated or described in detail. However, the service instructions will apply in general to these units as they are basically the same in construction and operation.

In making parts replacements, be sure to use genuine Towmotor Repair Parts. Use of substitute parts results in lower operating efficiency of the lift truck.
