Fact is never more strange than fiction than when it comes to crime and the crimes described here are so bizarre it's inconceivable that they could have been made up In this all new collection of truly unusual crimes a sequel to the bestselling *Mammoth Book of Bizarre Crimes* Odell and Donnelley tell the extraordinary stories of criminal acts far stranger than any fiction including the murder of Italian fashion designer Gianni Versace by spree killer Andrew Cunanan and the killing of

intern Chandra Ann Levy who had had an affair with US Representative Gary Condit though he was cleared of any involvement in her murder They reveal how Danilo Restivo was eventually convicted of the murder of Heather Barnett in England after the ritualistic placing of hair connected him to another murder in Italy They tell the terrible story of the inexplicably brutal murder over a number of days of 15 year old Kristy Bamu by his sister and her lover because they believed him to be practising witchcraft They also give a chilling account of the thirty one year old mother of two Joanna Dennehy who killed three men I started killing she said to see if I was as cold as I thought I was Then it got moreish and I got a taste for it The British National Bibliography Arthur James Wells,2002 *Unsolved Murders of the UK* Phil Drake,2025-11-04 *Unsolved Murders of the UK* Cold cases from 1951 to Present Day delves into the mysterious and haunting cases of individuals who were brutally taken from this world yet their killers were never brought to justice From mysterious disappearances to seemingly motiveless killings as well as other cases that continue to perplex law enforcement this book takes a closer look at the victims the crimes and the police investigations as well as the theories surrounding each case With a focus on the cold cases that have remained unsolved for decades this book offers a comprehensive examination of the most intriguing and disturbing murders in the UK s recent history Join us as we explore the twisted minds of the killers and the relentless pursuit of justice for the victims and their families This book will captivate true crime enthusiasts and armchair detectives alike Children Who Kill Carol Anne Davis,2014-05-22 Why would two young boys abduct torture and kill a toddler What makes a teenage girl plot with her classmates to kill her own father Society regards children as harmless but for some the age of innocence is shortlived messy and ultimately murderous Mary Bell Robert Thompson and Jon Venables are infamous for their crimes against other children but many of the less familiar studies here are equally as shocking Thirteen murderers the youngest only ten used fire poison bullets and strangulation on victims from infants to pensioners In a comprehensive study of juvenile homicide Carol Anne Davis offers new psychological insights and a hard hitting look at the role of society in an area too shocking to ignore **The Journalist** ,2002 Town Without Pity 2 - Who Really Killed Wendy Sewell? Don Hale,2016-05-27 This is a brand NEW REVISED and UPDATED edition with unique scene of crime photographs and maps *Town Without Pity* Who really killed Wendy Sewell In 1973 in the picturesque market town of Bakewell Wendy Sewell was brutally and bloodily murdered Wendy had a secret life involving liaisons with several men in the town This secret life has never been fully investigated before It suited many people in Bakewell that a boy from the council estate should take the blame When local newspaper editor Don Hale began to follow the trail of clues trying to get to the truth a campaign of intimidation began culminating in attempts to murder him Because of Don Hale s detective work and his courage Stephen is now free because the appeal court judges quashed his conviction *TOWN WITHOUT PITY* reveals the evidence the authorities still want to hide This latest edition includes a host of new information and exclusive photographs from the scene of crime plus details about fresh evidence that now suggests potential links to the Yorkshire Ripper Peter

Sutcliffe with facts supplied by former cold case detective Chris Clark There is now new medical evidence available including a compelling buried pathology report hidden for the past 40 plus years The case remains unsolved and yet it has been controversially restricted for 95 years despite new claims of links to two other similar and still unsolved murders and this latest association with the Ripper It has recently been featured within Judge Robert Rinder s crime series on ITV and remains a fascinating murder mystery
