Praveen Parboteeah, John B. Cullen, 2013-04-12 Business Ethics provides a thorough review and analysis of business ethics issues using several learning tools Strategic Stakeholder Management as the Theme All chapters use a strategic stakeholder approach as a unifying theme The text is thus the first text that adopts this approach Most business ethics scholars and practitioners agree that successful ethical companies are the ones that can strategically balance the needs of their various stakeholders By adopting this approach students will be able to see how the various aspects of business ethics are connected Theory based and Application based All chapters have important applicable theories integrated with discussion of how such theories apply in practice Unlike other texts that are either too theoretical or too practical this text provides the appropriate blend of theory and practice to provide deeper insights into the concepts covered in the chapter Global Perspective Unless most other texts this text provides a global perspective on business ethics Most chapters include material pertaining to ethics in global contexts Included are cases about companies in a wide range of countries including Japan U K China and India among many others Cases The text contains over 30 real world global cases Each chapter ends with a short two page case as well as a longer case that varies in length Each has discussions questions at the end Finally each of the four parts ends with a Comprehensive Case proven teaching cases from The Ivey School and other sources *Business and Management for the IB Diploma* Peter Stimpson, Alex Smith, 2011-02-24 Designed for class use and independent study this coursebook is tailored to the thematic requirements and assessment objectives of the IB syllabus It features the following topics business organisation and environment human resources accounts and finance marketing operations management and business strategy

Federal Motor Vehicle Safety Standards and Regulations United States. National Highway Traffic Safety Administration, 1994 *Beyond the Triple Bottom Line* Francisco Szekely, Zahir Dossa, 2024-08-06 A pragmatic new business model for sustainability that outlines eight steps that range from exploring a mission to promoting innovation with case studies Many recent books make the case for businesses to become more sustainable but few explain the specifics In this book Francisco Szekely and Zahir Dossa offer a pragmatic new business model for sustainability that extends beyond the traditional framework of the triple bottom line describing eight steps that range from exploring a vision and establishing a strategy to implementing the strategy and promoting innovation Szekely and Dossa argue that businesses and organizations need to move away from the business case for sustainability toward a sustainable business model That is businesses should go beyond the usual short term focus on minimizing harm while maximizing profits Instead businesses on the path to

sustainability should from the start focus on addressing a societal need and view profitability not as an end but as a means to support the sustainable organization Szekely and Dossa explore key problems organizations face when pursuing a sustainability agenda Each chapter presents one of the eight steps describes a business dilemma for sustainability provides a theoretically grounded strategic framework offers case studies that illustrate the dilemma and summarizes key findings the case studies draw on the experiences of such companies as Tesla Motors Patagonia TOMs and Panera The book emphasizes leadership arguing that leaders who question the status quo inspire others and take risks are essential for achieving sustainable business practices
