Towards the Primeval Lightning Field Will Alexander, 2014 Poetry African American Studies Philosophy Essays Now available as a second edition with a new preface from the author Will Alexander's TOWARDS THE PRIMEVAL LIGHTNING FIELD O Books 1998 is a work of vertical philosophy revealing the strata of cultures and language like geographical layers seen all at once These essays comprise Alexander's search for origins outside the warrens of the visible revealing a singular imagination that moves with the force of a manifesto and the impossible dexterity of the unknown Described by Eliot Weinberger as probably the only African American poet to take Aim Césaire as a spiritual father Alexander's singular voice resonates far past the constrictions of the rational world His work resembles no one's and is instantly recognizable In part he is an ecstatic surrealist on imaginal hyperdrive He is probably the only African American poet to take Aim Césaire as a spiritual father Alexander is a poet whose ecstasy derives from the scientific description of the stuff and the workings of the world Eliot Weinberger Will Alexander is by far the most original poet working in the United States today A major force in the dissemination of surrealism there is absolutely no one who sounds like Alexander and he most emphatically sounds like no one else Justin Desmangles If the quotidian amounts to little more than a dossier of unitary suffering then Will Alexander's visionary essays commence the ignition of evolution beyond inclemency Césaire Lorca Cheikh Anta Diop non European philosophy and cosmology alchemical and anti-statist traditions all animate this work its range is incomparable André Breton wrote that for surrealism life is elsewhere TOWARDS THE PRIMEVAL LIGHTNING FIELD takes us in pleasure and terror along the way to that range shimmering beyond grim power where the waters and suns are both kindled by splendour Barry Maxwell

Haralson, 2014-01-21 The Encyclopedia of American Poetry The Twentieth Century contains over 400 entries that treat a broad range of individual poets and poems along with many articles devoted to topics schools or periods of American verse in the century Entries fall into three main categories poet entries which provide biographical and cultural contexts for the author's career entries on individual works which offer closer explication of the most resonant poems in the 20th century canon and topical entries which offer analyses of a given period of literary production school thematically constructed category or other verse tradition that historically has been in dialogue with the poetry of the United States

The Brimstone Boat Will Alexander, 2011-10-26 Yet the voice of Will Alexander who here commemorates Lamantia in his pluperfect poem The Brimstone Boat rose hardly more than a quarter century later In this automatically extended poem we are witness to the passage of energies from the older to the younger poet as Alexander charts Lamantia's life and writings across a Renaissance globe It is here as well that Alexander succeeds Lamantia who died in 2005 as America's greatest living surrealist poet as the new poet at the helm on the brimstone boat on a voyage of perpetual exploration ANDREW JORON The volume starts off with the 81 pages of the title poem then 14 pages for three shorter poems followed by 19 pages devoted to a glossary then 50 pages for the content of four essays and finally 3 pages of post notes On the cover the frontispiece and the end page are three works by the American surrealist Marie Wilson also included are eight pencil drawings by Will Alexander and two large photographs of Lamantia and Alexander **Spectral Hieroglyphics: The One True Body, At the Vertigo**

and interests to create some of the best writing of contemporary poetry contradicting many of the simplistic notions of people outside of the region In his introduction editor Douglas Messerli provides a complete history of the loosely knit group and the interrelationships within it
