Fulfilling the Promise Mandy Savitz-Romer, 2020-07-22 Savitz-Romer offers a strategic approach to school counseling that enables educational leaders to draw on existing staff to create supportive contexts and programs for students. In this model of the academic home, counselors serve as the first point of contact for student support, connecting and coordinating services much like primary care physicians coordinate patient care in medical settings. They serve as the hub of a network of supports to prevent students from falling between the cracks. By highlighting promising practices in schools, districts, and states and the efforts of individual school counselors and leaders, *Fulfilling the Promise* presents a conceptualization of school counseling that is relevant for all educators as well as policy makers and funders. In order to create the conditions for school counselors to be most effective, however, systemic barriers must be addressed. This book brings together research, practical experience, and policy recommendations to envision a focused and practical role for school counselors in the twenty-first century.

Congressional Record United States. Congress, 1983 The *Congressional Record* is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The *Congressional Record* began publication in 1873. Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* 1789-1824, the *Register of Debates in Congress* 1824-1837, and the *Congressional Globe* 1833-1873.
