Writing A Paper On Responsibility:

Divine Foreknowledge and Moral Responsibility Richard H. Corrigan, 2007-09-01 Divine Foreknowledge and Moral Responsibility is Richard Corrigan's insightful and accomplished exploration of whether the capacities essential to moral responsibility are compatible with perfect divine foreknowledge

Global Practices of Corporate Social Responsibility Samuel O Idowu, Walter Leal Filho, 2008-12-21 Being socially responsible on the part of corporate entities is now no longer an option it is part of their normal business obligations to all their stakeholders regardless of whether these are primary or secondary stakeholders Modern societies around the world now expect corporate entities of all shapes and forms to be socially responsible in whatever they do the *Global Practices of Corporate Social Responsibility* is a first attempt at bringing together in one book experts accounts of how corporate entities in twenty independent nations around the world are dealing with the issue of CSR The world today faces diverse social problems These become apparent as one moves from one country to the next interestingly society now expects corporations to help in finding solutions to these problems The problem of global warming affects us all modern corporations can no longer continue to assume that the problem will go away if nothing is done by them We can all make a little difference by our actions

Handbook of Research Methods in Corporate Social Responsibility David Crowther, Linne Lauesen, 2017-12-29 Corporate social responsibility now touches upon most aspects of the interaction between business and society The approaches taken to research in this area are as varied as the topics that are researched yet this is the first book to address the whole range of methods available The book identifies the methods available evaluates their use and discusses the circumstances in which they might be appropriate It also includes forward thinking guidance from experienced academics on the future directions of research in the area

Mapping Responsibility Herbert Fingarette, 2004 Written for philosophers as well as general readers interested in social and moral issues *Mapping Responsibility* is a thoughtful exploration of the ambiguous terrain of moral responsibility As a philosophical idea responsibility poses vexing questions What does it mean to be a responsible person that is one who is justly held accountable and possibly punishable for an action In exploring this and other important questions author Herbert Fingarette employs an interdisciplinary range of ideas He uses the theoretical standpoints of moral philosophy moral psychology and psychoanalytic psychology and also taps into legal scholarship on criminal justice to discuss retribution punishment and the state

Morally-Demanding Infinite Responsibility Julio Andrade, 2021-03-16 This book presents a conceptual mapping of supererogation in the analytic moral philosophical tradition It first asks whether supererogation can be conceptualised in the absence of obligation or duty and then makes the case that it can be It does so by enlisting the resources of the continental tradition specifically using the work of Emmanuel Levinas and his notion of infinite responsibility In so doing the book contributes to the ongoing efforts to create a common ethical terminology between the analytic and continental traditions within moral philosophy Supererogatory actions are praiseworthy actions that go beyond duty and yet are not blameworthy

when not performed In responding to this paradox moral philosophy either brackets or attempts a reductionism of supererogation Supererogation is epitomised in the paradigmatic figures of the saint and hero Yet most would agree that emulating these figures is too morally demanding We rightly ask where does moral obligation end Is it even possible or desirable to demarcate such a boundary Besides the important theoretical issues these questions raise they also speak to practical ethical dilemmas in the contemporary milieu as they concern the global wealthy s responsibility to the poor and the challenges of development aid work **Social Conscience and Responsibility** Jane E. Bleasdale, Julie A.

Sullivan, 2020-02-29 How we teach ethics has been an ambiguous instructional area for many years In religious schools it is left to the work of the religion teacher and in public schools it is often incorporated into a civics course Across the curriculum there are multiple points at which we can incorporate the study of ethics in interdisciplinary ways In this volume we will focus on how educators in high schools grades 9 12 can incorporate the teaching of ethics effectively across all disciplines Sciences Humanities Arts Math and Technology The introduction of the book will be a foundational description of ethics what it means to study ethics and to be an ethical person Sustainable Development and Social Responsibility—Volume 2

Bonhoeffer and the Responsibility for a Coming Generation Robert Vosloo, Teddy Sakupapa, Karola Radler, Ashwin Thyssen, 2024-07-25 This volume draws together a selection of high quality presentations at the 13th International Bonhoeffer Congress held in January 2020 in Stellenbosch South Africa The theme of the conference was How a coming generation is to go on living Bonhoeffer and the response to our present crisis and hope The selected essays engage thoroughly and creatively with this concern to take responsibility not only for our own personal and communal life in all of its complexity and richness but also for the ethos and society that future generations will inherit from us The pertinence of Bonhoeffer s question is addressed in these contributions anew as we experience threats on a global level to socio political economic and inter religious stability and solidarity Attention is also given to some important challenges experienced in the so called global South and the reality of climate change and ecological devastation implies that the question of how future generations are going to go on living is linked to the fact that we live on a planet that is in jeopardy Also included as an appendix is the powerful sermon preached by the South African Anglican archbishop of Cape Town Thabo Makgoba at the opening worship service of the congress

Social Dimensions of Moral Responsibility Katrina Hutchison, Catriona Mackenzie, Marina Oshana, 2018-03-14 To what extent are we responsible for our actions Philosophical theorizing about this question has recently taken a social turn marking a shift in focus from traditional metaphysical concerns about free will and determinism Recent theories have attended to the interpersonal dynamics at the heart of moral responsibility practices and the role of the moral environment in scaffolding agency Yet the implications of social inequality and the role of social power for our moral responsibility practices remains a surprisingly neglected topic The conception of agency involved in current approaches to moral responsibility is overly idealized assuming that our practices involve interactions between equally empowered and situated agents In twelve new essays and a substantial introduction this volume systematically challenges

this assumption exploring the impact of social factors such as power relationships and hierarchies paternalism socially constructed identities race gender and class on moral responsibility Social factors have bearing on the circumstances in which agents act as well as on the person or people in the position to hold that agent accountable for his or her action Additionally social factors bear on the parties who pass judgment on the agent Leading theorists of moral responsibility including Michael McKenna Marina Oshana and Manuel Vargas consider the implications of oppression and structural inequality for their respective theories Neil Levy urges the need to refocus our analyses of the epistemic and control conditions for moral responsibility from individual to socially extended agents Leading theorists of relational autonomy including Catriona Mackenzie Natalie Stoljar and Andrea Westlund develop new insights into the topic of moral responsibility Other contributors bring debates about moral responsibility into dialogue with recent work in feminist philosophy social epistemology and social psychology on topics such as epistemic injustice and implicit bias Collectively the essays in this volume reorient philosophical debates about moral responsibility in important new directions
