

Crafting My Future Career Path

3 pages | 707 words

How do you see your own future career, what would you like to happen and how do you think your life will change in the coming years?

There are various options open nowadays. The problem of choosing the future profession has always been very important. The profession a person chooses in many ways determines his/her future life. To make a right choice first of all you should understand what you like to do. Usually there are several factors that influence the decision of young people. They concern material and spiritual aspects of the future career. It is generally believed that profession should be both prestigious and interesting. I can't, but agree with this statement.

Today the most popular profession is economics. This profession is both prestigious and interesting. From graduating from economic faculty it is possible to find good job. And of course it is well-paid. All this factors are important for me.

I was born in a family of a businessman. Since my early childhood I watched the problems and difficulties in doing business in our country. On the other hand I saw how happy my dad was when he signed the profitable contracts, started a new firm. He really got satisfaction of a job well-done and gave a sense of achievement behind the clinching of an important deal. So I have decided to start my own business when I'm grown up. For this I have made up my mind to get serious about economics.

I think that I have all needed skills to become a good businessman. As I'm on the go all my life, because of studying and my hobbies, I am very active and hard-working. Maybe I'm not restrained or patient, but I think, that employer will be impressed with my ambitions. I'm well-educated and creative.

Nowadays you often find that the top executive in a company is a woman. I want to be one of them. I think that I have all leadership qualities to be the best.

I think that in future I will attain all my goals and will really have my nose to the grindstone.

As...

In the past, people do not have many choices about their future job. They usually continue their fathers and grandfathers jobs and careers. Nowadays, there are multiple of choices about the future job and they are independent of the family career. Each child now has a dream of his own future job and can be clearly appeared in their choices of their toys. One wants to be a doctor, other wants to be an engineer, other wants to be a teacher and so on.

I thing when ones gets older and moves on the levels of education, it becomes not easy to choose the future job. More thinking comes about making the right choice and setting the criteria of choosing. I have thoughts about my future job, where I can express myself and become successful.

I want in my future job to be able...
