Psychiatry Clerkship Guide Myrl R. S. Manley, 2007-01-01 This guide equips you with the practical core knowledge you need to manage the patients you're most likely to see during your psychiatry clerkship. Brief enough to read from cover to cover yet thorough enough to address virtually all the challenges you might face. *Psychiatry Clerkship Guide* is just the tool you need to succeed. Broken into three sections, the book first introduces you to basic skills and concepts including ethics, history, physical examination, and developmental assessment. It then goes on to describe specific psychiatric health conditions organized by presentation, symptom, sign, abnormal lab value, and by diagnosis, allowing you to approach a problem from either direction. Organizes material according to the types of questions that typically arise during the pediatrics clerkship. Uses Learning Objectives and Key Points boxes to make complex data easier to remember. Provides Practice Cases to illustrate the types of clinical scenarios you may experience. Includes a Practice Test of multiple choice questions at the end of the book to help you prepare for examinations. Updated content ensures you are learning the most current information in the field. Includes explanations of wrong and right answers in examination and case questions to aid your additional learning and review. Questions now in USMLE style. More useful for board prep. New interior design for ease of use. **The**
