The Theosophical Review, 1904 **Reading Melville's Pierre; Or, The Ambiguities** Brian Higgins, Hershel Parker, 2007-05 This engaging new study uses biographical evidence to explore Pierre the puzzling novel that Herman Melville wrote immediately after the publication of Moby Dick Parker and Higgins reveal that Melville drastically altered the end of the novel after a troubling meeting with his publisher and editor about the perceived failure of Moby Dick Melville re-wrote Pierre's protagonist as a writer and used the novel to attack the publishing industry

Parker and Higgins exploration into *Pierre* shows that this is a deeply flawed novel but an intriguing and revealing glimpse into the mind of an American literary giant The Church of England Magazine, 1854 Dramas, and other poems ... Translated from the Italian by J. Hoole Pietro Metastasio, 1800 *Transgenerational Haunting in Psychoanalysis* Maurice Apprey, 2023-10-31 In this book Maurice Apprey continues his unique work on transgenerational haunting to explore how events in our ancestors' lives may be renegotiated and re-subjectivized in the present from within the therapeutic dyad. With an informed and impassioned voice that evokes the tragic psychic consequences of the unresolved silenced tragedies and transgressions that haunt subsequent generations, Apprey illustrates how the analyst can unfold a patient's transference wishes and emancipate them from the unconscious projects or errands they have inherited. This can happen through a threefold process of excavating the unconscious sedimentations of ancestral history, appropriating and reactivating the ancestral errands within the transference, and subsequently decoding the patient's transference pressures. Expanding on Apprey's work about the analyst's field of inquiry and ways of listening in clinical practice, this book illuminates the potential for a resolution rather than a re-enactment of the traumas that can haunt a family system across generations. Attending to the manifestation of transgenerational trauma through varied clinical material and informed by the thinking of Sigmund Freud, among others, this book will be essential reading for all psychoanalysts and psychotherapists. **The Grampians Desolate** Alexander Campbell, 1804 **Contemporary Women's Ghost Stories** Gina Wisker, 2022-06-02 This book offers new insights on socially and culturally engaged Gothic ghost stories by twentieth-century and contemporary female writers including Shirley Jackson, Angela Carter, Toni Morrison, Ali Smith, Susan Hill, Catherine Lim, Kate Mosse, Daphne du Maurier, Helen Dunmore, Michele Roberts, and Zheng Cho. Through the ghostly body, possessions, and visitations, women's ghost stories expose links between the political and personal, genocides and domestic tyrannies, providing unceasing reminders of violence and violations. Women like ghosts have historically lurked in the background, incarcerated in domestic spaces and roles by familial and hereditary norms. They have been disenfranchised legally and politically, sold on dreams of romance and domesticity. Like unquiet spirits that cannot be silenced, women's ghost stories speak the unspeakable, revealing these contradictions and oppressions. Wisker's book demonstrates that in terms of women's ghost stories, there is much to point the spectral finger at and much to speak out about.
