ringfenced grants are spent and there is insufficient information to determine the impact of the Department's contribution on local authorities spending decisions and therefore to achieving the Department's objectives The Department plans to devolve more control over its funding to the local level raising the proportion of resources which are not ringfenced portion from 60% to around 80% and new local transport bodies will take on some decision making responsibilities previously held centrally Full details of how the new system will work are still to be determined and there is uncertainty over how the arrangements will work in practice
