Whiskey Tango Foxtrot David Shafer:

Whiskey Tango Foxtrot David Shafer, 2014-08-05 Three young adults grapple with the usual thirty something problems boredom authenticity an omnipotent online oligarchy in David Shafer's darkly comic debut novel The Committee an international cabal of industrialists and media barons is on the verge of privatizing all information Dear Diary an idealistic online Underground stands in the way of that takeover using radical politics classic spycraft and technology that makes Big Data look like dial up Into this secret battle stumbles an unlikely trio Leila Majnoun a disillusioned non profit worker Leo Crane an unhinged trustafarian and Mark Deveraux a phony self betterment guru who works for the Committee Leo and Mark were best friends in college but early adulthood has set them on diverging paths Growing increasingly disdainful of Mark's platitudes Leo publishes a withering takedown of his ideas online But the Committee is reading and erasing Leo's words On the other side of the world Leila's discoveries about the Committee's far reaching ambitions threaten to ruin those who are closest to her In the spirit of William Gibson and Chuck Palahniuk Whiskey Tango Foxtrot is both a suspenseful global thriller and an emotionally truthful novel about the struggle to change the world in and outside your head Whiskey tango foxtrot : roman David Shafer, 2017-04-12 Le Comité r seau international d industriels et de magnats des médias s apprête à privatiser les données du monde entier Une organisation utopiste souterraine Dear Diary tente de contrer ces sombres desseins Dans cette bataille secrète d'arène un trio improbable Leila travailleuse humanitaire chargée par une ONG en mal d'argent de sponsoriser des projets ministères au Pakistan Leo rentier dysfonctionnel doublé d'un jean fouteur fumeur de joints et bizarrement doué pour le job d'assistant maternel et Mark Deveraux gourou bidon en développement personnel juste assez lucide pour ne pas gober lui-même les formules creuses qu'il enfile comme des perles dans ses publications pour gogos Si demain les hommes ont encore droit une vie privée c'est peut-être eux qu'ils le devront Thriller pop parano dans l'esprit de William Gibson et de Chuck Palahniuk Whiskey Tango Foxtrot habille de loufoquerie d'antenne et d'humour noir et de pose une réflexion sur les big data et la privatisation en marche de nos vies

The Year's Best Science Fiction: Thirty-Second Annual Collection Gardner Dozois, 2015-07-07 In the new millennium what secrets lay beyond the far reaches of the universe What mysteries belie the truths we once held to be self evident The world of science fiction has long been a porthole into the realities of tomorrow blurring the line between life and art Now in The Year's Best Science Fiction Thirty Second Annual Collection the very best SF authors explore ideas of a new world This venerable collection brings together award winning authors and masters of the field such as Robert Reed Alastair Reynolds Damien Broderick Elizabeth Bear Paul McAuley and John Barnes And with an extensive recommended reading guide and a summation of the year in science fiction this annual compilation has become the definitive must read anthology for all science fiction fans and readers interested in breaking into the genre **Prisoners of a Digital World** Marcel-André Abraham, 2023 In the digital age surveillance is becoming increasingly pervasive through the growing presence of big data electronic devices and wireless technologies

Simultaneously a rising number of individuals is highly dependent on social media and deeply immersed in virtual spaces with visible effects on their psyche perception and ability to communicate This thesis examines popular surveillance theories discussed within the academic field of surveillance studies and attempts to integrate them into a coherent framework to analyse surveillance in the digital age and its impact on individuals The main part applies this framework to three contemporary digital dystopias which are by no means just plain and farfetched novels Already mirroring our reality to some extent they can be seen as premonitions of what could potentially happen if humankind decided to give up privacy for convenience attention seeking self presentation and the ideals of total interconnection and transparency propagated by tech companies

Worlds Gone Awry John J. Han, C. Clark Triplett, Ashley G. Anthony, 2018-08-22 Dystopian fiction captivates us by depicting future worlds at once eerily similar and shockingly foreign to our own This collection of new essays presents some of the most recent scholarship on a genre whose popularity has surged dramatically since the 1990s Contributors explore such novels as *The Lord of the Flies* *The Heart Goes Last* *The Giver* and *The Strain* Trilogy as social critique revealing how they appeal to the same impulse as utopian fiction the desire for an idealized yet illusory society in which evil is purged and justice prevails

Narrative Factuality Monika Fludernik, Marie-Laure Ryan, 2019-12-16 The study of narrative the object of the rapidly growing discipline of narratology has been traditionally concerned with the fictional narratives of literature such as novels or short stories But narrative is a transdisciplinary and transmedial concept whose manifestations encompass both the fictional and the factual In this volume which provides a companion piece to Tobias Klauk and Tilmann Kppe's *Fiktionalit t Ein interdisziplin res Handbuch* the use of narrative to convey true and reliable information is systematically explored across media cultures and disciplines as well as in its narratological stylistic philosophical and rhetorical dimensions At a time when the notion of truth has come under attack it is imperative to reaffirm the commitment to facts of certain types of narrative and to examine critically the foundations of this commitment But because it takes a background for a figure to emerge clearly this book will also explore nonfactual types of narratives thereby providing insights into the nature of narrative fiction that could not be reached from the narrowly literary perspective of early narratology
