In Deep Water Michael Brennan, 2019-09-13 Irish Water was set up in 2013 to introduce the most ambitious water metering programme in the world The plan was to get Irish people to finally pay to upgrade a nineteenth century water system The water metering programme began in August 2013 and was carried out at breakneck speed However it did not go to plan and the issue of water charges divided Ireland There were nationwide demonstrations and confrontations in housing estates involving water meter contractors garda and water charge protesters The programme ended in political disaster with a humiliated government having to send out one million refunds With access to unpublished documents and interviews with the key personalities on

both sides In Deep Water provides a blow by blow account of how it all went wrong The rows at cabinet The warnings that went unheeded The water women The smartphone wielding protesters And the minister who threatened to reduce people s water to a trickle Compulsively readable and fast paced In Deep Water gives an inside view of the controversy that divided Ireland *High Noon in the Automotive Industry* Helmut Becker,2006-02-10 This book was born from curiosity To begin with it was the curiosity of an economist who studied in the 60 s in an environment which has subsequently developed from national into global economics Who has to recognize that politicians scholars and large segments of society oblivious to supranational authorities and e nomic globalization forces continue to labour under the notion that they are still fully autonomous and sovereign when shaping national economic policy And pretend as though their own national state were still the m ter in its own house that despite unbridled market economics could c tinue to dictate to the economy and companies how to live and in which rooms All that has become fiction The laws of globalization diminish the noeuvring space for shaping national economic policy Even if many folks today don t want to hear it The issue is no longer achieving what is soc politically desirable for the own society but rather the optimal adaptation of society and social benefits to the politically practicable
