there was less social upheaval less uncertainty about the future Perhaps the greatest transformation of the decade was that by 1990 the British lived in a new ideological universe where the defining conflict of the twentieth century between capitalism and socialism was over Thatcherism took the politics out of politics and created vast differences between rich and poor but no expectation that the existence of such gross inequalities was a problem that society or government could solve because as Mrs Thatcher said There is no such thing as society people must look to themselves first From the Falklands war and the miners strike to Bobby Sands and the Guildford Four from Diana and the New Romantics to Live Aid and the big bang from the Rubik s cube to the ZX Spectrum McSmith s brilliant narrative account uncovers the truth behind the decade that changed Britain forever **Bibliotheca Britannica** Robert Watt,1824 **Motor Trend** ,1983 Bibliotheca Britannica; Or, A General Index to British and Foreign Literature Robert Watt,1824 **European Car** ,2005 *Popular Mechanics* ,1984
